$1,000,000 TOLL TAKEN BY FIRE AT YOUNGSTOWN

Several Business Concerns and Ten Residences Swept by Incendiary Fire—Scores of People Made Homeless—Power House Is Destroyed

YOUNGSTOWN — (By Associated Press) — Fire early this morning caused a loss estimated at $1,000,000. The old Mahoning Valley power house, a lumber yard, 16 houses and a garage were destroyed and the plant of the Smith Brewery Company damaged.

Firemen say the blaze, which started in the Parish Brothers' lumber yard, was incendiary and that gasoline or oil had been sprinkled over the lumber. Scores were made homeless.

Street railway and railroad traffic on the Erie railroad was tied up for more than four hours.

Fire chiefs and captains are unanimous in their belief that the blaze was incendiary.

All off-duty firemen were called from their homes to help fight the fire.

The Vindicator, afternoon daily newspaper, lost $60,000 worth of print paper when its warehouse was destroyed.

Several families, who lived in flats above business places, were made homeless.

BEER BATTLE IN CONGRESS OPENS

Hearings on Volstead Bill to Ban Prescriptions Start

BUSCH STATEMENT GIVEN

Declares for Beverage For All Or For None

WASHINGTON — (By Associated Press)—Hearings were set for today before the house judiciary committee on the bill introduced by Chairman Volstead to prohibit the sale of beer to the sick on a doctor's prescription.

Aimed at the situation created by the opinion of former Attorney General Palmer that beer and wine under the Volstead act could be prescribed for the ailing, the measure would not prohibit use of wine for medicinal purposes, but would make more specific and stringent the regulations on this subject.

WHEELER CALLED

Wayne B. Wheeler, general counsel of the Anti-Saloon League, was one of the first to be called by the committee, in support of the bill. Other leaders of the dry movement, including a number of the clergy, are to present their views. The opposition forces were headed by Oliver T. Remmers, attorney for the Anheuser-Busch Company of St. Louis. In connection with his appearance today an open statement to Mr. Volstead was made public from August A. Busch, president of the company.

BUSCH STATEMENT

This statement declared for "beer for all or beer for none." It contended that the rights of the great mass of men are the great common rights. These men, it said, "are at their daily tasks and have no lawyers to appear for them in Washington, and to make it possible for only the rich few to purchase is against the greater right of the greatest number."

COMFORT STATION IS CONSIDERED

Service Director May Make Recommendations to Council

The need of a public comfort station in the down town area of the city, which has been emphasized by the contemplated closing of one at the court house, is being studied by Service Director Elmer McClain, whose attention has been called to the underground station recently constructed at Asheville, N. C.

Plans and a description of the station are given in a recent issue of Domestic Engineering, the entire issue being devoted to the subject.

The station there was constructed at a cost of $28,000, and contains the features that a model station should have, sanitation good light and ventilation. The walls are constructed of concrete, the lighting during the daylight hours being furnished by overhead squares of glass prisms and ventilation is obtained by fans. The station, containing four rooms, is entirely underground.

Reports from other cities in the country contained in the magazine shows how they are handling the problem.

Importance of establishment of comfort stations is being recognized more and more. It is proposed to establish one in the Public Square in Lima, but no plans have been drawn, and no steps taken. Director McClain hopes to recommend to council plans for several types of stations at an early date.

WILL DIG FOR OLD CHARIOTS IN BABYLON

PHILADELPHIA.—(By Associated Press.)—Dr. Clarence S. Fisher, curator of the Babylonian section of the University of Pennsylvania museum, left here today for Palestine to undertake what he described as one of the most important excavations ever made in the Holy Land and the first since the beginning of the world war.

He expects to find among other things some of the iron chariots mentioned in the Bible which prevented the children of Israel from capturing Bethshan, near which city some of the greatest battles of early history were fought. Bethshan is near Nazareth, close to the Mount of the Transfiguration. It has been uninhabited for centuries, but it is believed to have had at least five thousand years of continuous history during which Amorites, Egyptians, Babylonians, Assyrians, Scythians, Hebrews, Greeks, Romans, Arabs and Crusaders have occupied it.

Dr. Fisher will stop in Egypt for his equipment and Arab workmen, and plans to start digging by the middle of June.

ATTACK DOESN'T WORRY GOMPERS

Not Disturbed Over West Virginia Union's Charges

CINCINNATI.—(By United Press.)—Samuel Gompers, president of the American Federation of Labor, and other officers of the executive council of that body, in session here, profess to attach little importance to a resolution adopted by West Virginia Federation of Labor at Huntington.

In the resolution, Gompers is charged with having disregarded policies laid down by the A. F. of L. convention at Montreal last year, with having become the "tool of politicians' and with leaving the federation "like a ship without a rudder."

By adoption of this resolution, introduced by a local union of the United Mine Workers of America, delegates to the Denver convention of the A. F. of L. next month are instructed to vote against Gompers for re-election.

Addressing an open meeting of the local Cigar Makers' Union Wednesday night, Gompers said prohibition had hurt cigar makers because closing of saloons greatly had reduced consumption of cigars. Gompers is a cigar maker by trade.

Gompers said a reduction in cigar makers pay would benefit the public little because the pay reduction would be absorbed by the manufacturer, wholesaler and retailer.

ELKS PROVE TIES

Ohioans Give Blood in Fight for Brother's Life

COLUMBUS. — (By Associated Press.)—Exemplifying the brotherhood bond of their order, two members of the Elk lodge today underwent a blood transmusion operation at a hospital here in order that a third member of their order might live.

William F. Berkheimer, of Columbus, and Paul Austin, of Marion, each gave a pint of blood for Fred D. Jacobs, a Marion architect, who is so seriously ill that physicians said only the transfusion of blood could save him.

Learning of Jacobs' condition, two automobile loads of Marion Elks rushed to Columbus late yesterday and offered their blood. Berkheimer joined them here. All subjected themselves to blood tests and Berkheimer and Austin were selected.

OHIO LAWMAKERS AGAIN IN SESSION

Tax Committee Expected to Report Deadlock Today

BODY AGREES ON BUDGET

Assembly Still Divided As to Adjournment Plan

COLUMBUS — (By Associated Press) — The general assembly reconvened this morning after a two weeks' recess, for the purpose of finishing its legislative program and then either adjourning sine die or recessing until next January.

Notwithstanding the urgent request of Governor Davis that some taxation amendment be submitted to the voters, the conference committee appointed before the recess to try and formulate an amendment, was said to be hopelessly deadlocked and may report to the legislature its inability to reach any agreement.

DIFFERENCES OF OPINION

Senate members of the conference committee were insisting upon a classification amendment with limitations on the rate on real estate, while house conferees were standing for retention of the uniform rule as opposed to classification.

The joint conference committee named to consider the biennial appropriation bill will be able to recommend a bill for passage in which both house and senate members have agreed, it was said today.

The appropriations bill is made in conformity to the reorganization bill recently passed.

REORGANIZATION BILL

Should supreme court hold the reorganization bill to be subject to a referendum, it is said, it will be necessary to revise the bill. A petition for a referendum on the reorganization bill would automatically suspend its taking effect on July 1.

Senate leaders today were still insisting on not adjourning sine die at the end of this week, but merely recessing for ten days until May 25, to give time for the governor to act on all bills. House members may insist on sine die adjournment and ask the governor to dissolve the assembly.

UNION GOES AFTER OUTLAWS

Switchmen Take Steps to Curb Insurrections

TOLEDO.—(By Associated Press.)—Insurrections during the last year in the ranks of railroad labor was considered today by the delegates attending the triennial convention of the Switchmen's Union of North America, now in session here.

Representation of the switchmen in the "outlaw" strike last spring, under the direction of what then was the Chicago Yardmen's Association, was discussed in groups. The organization, under a new name, is said still to be recruiting its forces from the ranks of the switchmen and other employes in the operating end of the railroads.

This menace, as it is termed by officials of the switchmen's union, it was said, still, is theratening the solidarity of the old organizations and steps are under consideration by the committee having charge of revising the constitution.

Several additional candidates entered the race today for the office of president, now held by S. E. Herbling, of Buffalo, but whose term is about to expire.

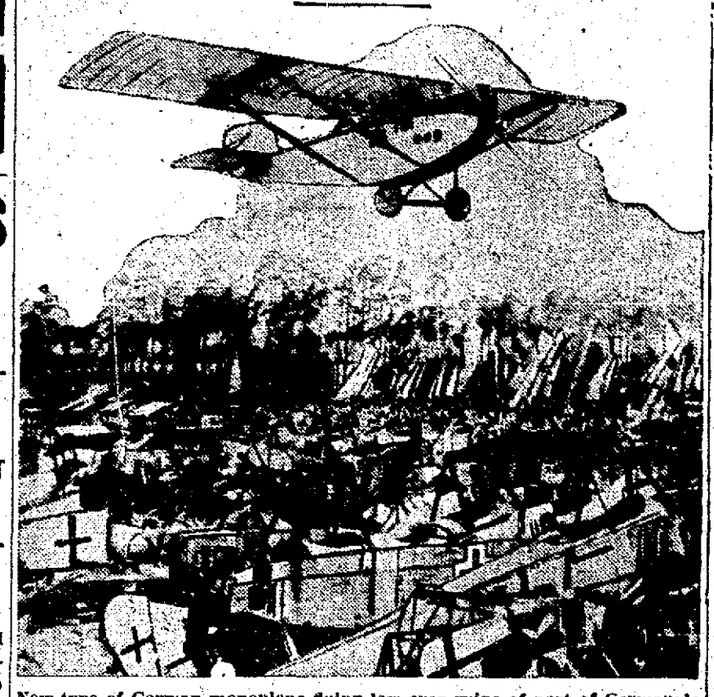

NEGRO, SAVED FROM DEATH BY OVERSIGHT, NOW IN PENITENTIARY

SHREVEPORT, La.—The last chapter in what is declared to be one of the most remarkable cases on record was written here today when Lonnie Eaton, Ouachita parish negro, was taken from the Caddo parish jail and delivered to the warden of the state penitentiary at Baton Rouge, to begin his life sentence.

Sheriff Grant of Ouachita parish forgot to hang Eaton on the date set, and his death sentence later was commuted by Governor Parker to a life term. He was convicted in the district court at Munroe, and was sentenced to be hanged for the murder of a white man more than a year ago.

KENT NORMAL PRESIDENT CHARGES LIBEL IN SUIT

Demands $75,000 for Damages In Action Against Former Trustee and Ex-Professor—Climax to Bitter Fight In Management of College

KENT — (By Associated Press) —President John E. McGilvrey of the Kent State Normal College has filed libel suits against Peter W. Dayle, wealthy Hudson farmer and former member of the college board of trustees, asking $50,000 damages, and against S. L. Eby, of Niles, former professor at the college, asking $25,000.

The filing of the suits is the climax to the bitter fight between members of the school faculty and former trustees and the president in which the character of the president has been made an object of contention. It is said that Eby and Doyle were two of the president's hitterest opponents.

The papers are being filed against Doyle in Summit and against Eby in Trumbull co.

The petitions against the men charge them with aiding the circulation of petitions referring to the conduct of the plaintiff, who denies every allegation made.

It is reported that other libel suits may be filed.

TARIFF BILL IS UP TO CONFEREES

House Measure Changed in Passage Thru Senate

WASHINGTON.— (By Associated Press.)—Senate and house conferees will begin their efforts to reach an agreement on the emergency tariff and anti-dumping bill probably tomorrow. The measure was passed by the senate late yesterday.

Altho all amendments offered from the floor were promptly defeated in the senate, the bill differs radically from that passed by the house, the anti-dumping and currency revaluation sections having been entirely rewritten and provision made for continuing war-time restrictions on imports of dyestuffs by the senate finance committee. The tariff features, however, were kept intact.

The vote on passage yesterday was 63 to 28, seven Democrats joining with the Republicans on the final roll call and but one Republican, Moses, of New Hampshire, voting against it. The bill will be effective for six months by which time leaders hope to see the permanent tariff bill now being framed by the house ways and means committee, enacted into law.

GIRL TRIES TO SUICIDE BECAUSE NEIGHBORS CALL HER "TOM BOY"

CLEVELAND — Mary Fernandez, 15, was recovering in a hospital here today from what police say was an attempt at suicide because neighbors called her "tom boy" for playing baseball with boys near her home.

She was found unconscious in a vacant lot by her father, Joseph Fernandez.

Fernandez had noticed that his daughter appeared moody during the day and when her absence was noticed late yesterday, started in search for her. He found the girl in the lot bleeding from a bullet wound in her chest. A revolver lay beside her.

"I didn't think there was any harm in playing baseball even with boys, but I hated to have women in the neighborhood call me "tom boy", sobbed the girl, after she had regained consciousness.

Physicians say she will recover, unless complications set in.

JULIAN SWARTZ DIES OF WOUND

Tragic Ending of Card Game In Rooming House, as Sergeant Thaddeus Parker, Military Instructor, Accidentally Kills His Friend, a Law Freshman

Swartz, Fearing Hazing, Keeps Revolver on Card Table Ready for Use—Gun Discharged When Parker Picks It Up—Official Probe Started

Julian Swartz, 20, freshman in the law department at Ohio Northern University, Ada, was shot and killed late Wednesday night, when a 32 calibre automatic held by Sergeant Thaddeus Parker, U. S. A., is alleged to have been discharged accidentally.

Conflicting stories as to what occurred in Swartz' room in the Claybaugh residence, a student rooming house, are told by witnesses and college authorities.

According to one version, Swartz was armed to prevent possible hazing at hands of upper-classmen and during a card game arose to admit another student. Returning he drew a pistol and laid it o nthe table, with the muzzle pointing toward him. Parker, sitting opposite, picked it up, intending to put it away. The weapon was discharged, killing Swartz.

HAZING STORY DENIED

College authorities deny the hazing story and state that Oren Gallappo, the student admitted, was not in the room at the time of the shooting, but was in the building. They assert that Swartz' companions forced him to take the weapon from his pocket and Parker took it up. When he lifted the gun from the table it was discharged.

There is no hint of bad blood between the two, they state.

Parker, who has been in the army four years, resides in Moultrie, Ga. He is sergeant-instructor in the R. O. T. C. at the college. Following the shooting he was technically placed under arrest by Captain A. R. McIntosh, pending an investigation. An inquiry is also being conducted by Coroner Arthur Hall, Forest, and Prosecutor Foster King, of Kenton, who were summoned to Ada following the tragedy.

Swartz is a resident of East Liverpool and entered the university last fall. Friends state that he has always been in dread of hazing and his fear was increased all thru the day Wednesday as he contemplated the approach of Junior-Senior day, the following day. Freshmen are often subjected to discipline by the upper classmen on that day.

ARMED AGAINST HAZING

He placed a gun in his pocket, determined to frustrate the intentions of any older student who might seek to shave his head, it is said. Members of his class heard that he was armed and early Wednesday evening took a Colt's pistol from him.

Later in the evening Parker, Swartz and three others gathered for a card game in Swartz' room. About 10 o'clock, Oren Gallappo, an Italian student and friend of Swartz, withdrew from the game.

Returning an hour later he was admitted by Swartz, who thought upper classmen were coming to get him. According to witnesses, Swartz produced another gun and laid it on the table.

"I will never let them shave my head," he is alleged to have told his companions.

Parker picked up the weapon, a 32 calibre Savage, with the intention of placing it out of Swartz' reach, fearing the boy might shoot, he claims, if someone entered the room.

Swartz was seated opposite and as the soldier lifted the pistol from the table, it was discharged. The bullet struck just below Swartz' heart, passed thru his body and imbedded itself in the wall.

SWARTZ DIED IN 10 MINUTES

"You've shot me," gasped the stricken man. Others in the room rushed to his assistance. Swartz collapsed and died in about ten minutes.

Dean Thomas J. Small was the first member of the faculty called to the scene. He arrived within a few minutes of the shooting.

He questioned the boys and learned details of the affair. "Parker picked the gun up to put it away, Small said "and his finger must have touched the trigger, discharging the weapon."

Dean Small discounted reports to the effect that the boy feared hazing. "Freshmen have no part in Junior-Senior day," he stated, "Swartz was carrying the gun and the others insisted that he lay it aside."

Henry Vincent, San Francisco, Cal., George Reidy, Buffalo, N. Y. and Gallappo, the other freshmen, in the room corroborated Parker's story of the accident. There had been no trouble of any sort, they claim, Swartz was in fear of being hazed and they believe the pistol was set for use. Nearly all automatics have a safety catch, which prevents firing when set. When not set, such weapons are discharged with little effort.

Coroner Arthur Hall and Prosecutor King will probe the matter to learn if facts regarding the shooting are being withheld. Police in Ada have taken no steps in the investigation.

Celebration of Junior-Senior day was called off by college authorities Thursday because of the tragedy.

'BUILD FIRST AND REPAIR LATER'

That's Slogan of State Highway Commission of Ohio

COLUMBUS.—(United Press.)—The building program of the state highway commission will be carried thru to completion before other work is planned, E. V. Murray, secretary of the commission declared in an interview with the United Press today on the department's policy.

"Build first and repair later" is the plan of Highway Commissioner Herrick, according to Murray.

"We have an unusually heavy building program on hands which we intend to dispose of before taking any repair work under consideration," Murray said.

MAKES NO ESTIMATE

Murray declared no estimate could be made of the time that would be necessary to put over the road construction program.

"When repair work actually starts, roads of state-wide importance will receive first consideration," the secretary said in discussing farmers appeal for improvement of connecting roads toaid them in marketing crops next fall and spring.

Roads of intercounty use are second on the program of the department, for repair work. Other highways will be cared for as the last phase of the commissioners' plan.

Murray pointed out that county officials could offer relief to farmers by undertaking improvements and maintaining the roads now in condition.

The district organization of all state highway work is now in operation and will aid considerable in improving conditions, it was anticipated. Under the plan the state is divided into eleven sections with the divisional engineer in complete charge of each district.

CINCINNATI STRIKERS RETURN TO THEIR JOBS

CINCINNATI.— Structural iron workers and rod men, who have been on strike here since last November, have agreed to become members of the Cincinnati wage adjustment board and return to work at a reduced scale of wages, it was announced last night. This action followed indorsement of the Cincinnati plan by the executive council of the building trade department of the American Federation of Labor. The council last week indorsed the wage adjustment plan as a model for other cities and as a means of avoiding abuses in sympathetic strikes in the building trades.

Under the new scale the rod men will receive 80 cents and the iron workers 90 cents an hour.

CLARK MAY QUIT

State G. O. P. Chairman Expected to Resign Today

COLUMBUS — Rumors of the possible resignation of George H. Clark, Canton, chairman of the Republican state executive committee, were revived in connection with the meeting here today of the state central committee, which is to consider election board contests in Sandusky and Darke-cos, where two factions each nominated candidates for Republican membership on the board.

Should the resignation be forthcoming, it is said, that Dave R. Jones, Cleveland, will be put forth by followers of Governor Davis as Clark's successor, while W. E. Halley, clerk of the senate, was mentioned as a possible recipient of the support of Republicans who have been associated with Attorney General Daugherty and Senator Willis.

BREWERY DEMANDS BAN ON BEER AS MEDICINE

Anheuser-Busch Agents Declare for Sale of the Beverage Openly but Not Thru Prescriptions and Drug Stores as Planned

Ask Strict Enforcement of the Prohibition Law When They Appear Before Congress Committee Investigating Violations

WASHINGTON — (By United Press)—One of the country's biggest brewers today demanded stricter enforcement of the prohibition law and a ban on beer as medicine.

A congressional investigation into charges that many breweries are being allowed to make real beer, despite the Volstead law, was asked before the house judiciary committee by representatives of Anheuser-Busch, St. Louis brewers.

While the drys in the committee gasped in amazement, the Anheuser-Busch representative urged the passage by congress of legislation that would adequately prohibit the use of beer as a medicine.

The position of the brewers in these respects put them in "the same boat" as the "radical drys."

ENFORCEMENT ASKED

Oliver T. Remmers, Anheuser-Busch attorney, said his company desired strict enforcement of the law and that this would be impossible if the prescription of beer is allowed. The company made it plain that it believes the sale of 4 1-2 per cent beer should be allowed openly, but not thru prescriptions and drug stores.

The Anheuser-Busch attorney charged that brewers in Chicago, Pennsylvania and Ohio are plainly making real beer and that it has caused a loss to his company of $4,000,000 to $5,000,000 because it is obeying the law.

OFFICIALS LAX

"In certain centers," said Remmers, "the brewing and sale of beer has never been discontinued under the present prohibition laws.

"Public officials whose duty it is to enforce the laws, have shown amazing indifference and have refused to act when evidence of open violations were laid before them.

"One of the results of this policy of favoritism to brewers in certain centers has been that our firm has been penalized $4,000,000 or $5,000,000 solely because it obeys the law.

"It would be an easy matter now for the prohibition enforcement officers absolutely to stop the illegal sale of beer. Within 24 hours, they could revoke the license of every brewer who is violating the laws,—and I am sure these officials know who the law violators are—and there would be no more illegal brewing.

"Fines are ineffective. A brewer recently advertised he had been fined $1500, in order to sell more beer."

DOOM OF HOBOES PLAN OF BILL

Sidedoor Fraternity Would Be Thing of Past

WASHINGTON.—(By International News Service.)—The National Hoboes' Union probably will be sore on Representative Baker, of California, when the word spreads around about what he has done to them.

Acting on impulse, perhaps, he has dealt the side-door fraternity what amounts to a considerable wallop.

The hobo can ride on most trains and thru most States without risking anything more than being shoved off the rear of a fast-moving boxcar by a hard-boiled "brakie," or perhaps being arrested while slowly disengaging himself from a brake-beam in the freight yards. If he is arrested he stands to get a few days free board perhaps and then sent on his way. The is, he can now. But not if Representative Baker has his way.

The Congressman from California has introduced a bill in the House providing that a hobo who "hops" a train in any State can be arrested and insulted with the request that he fork over anywhere from $50 to $1,000 fine. And if the hobo doesn't happen to have his checkbook handy, instead of the old familiar "thirty days," he can be put in one place for a solid year's residence, with daily labor and enlarged mosquito bars at the windows at night.

FIRST OPEN FORUM IN THE FALL IS PLANNED BY OFFICERS OF BODY

At the first official meeting of the Open Forum council Wednesday evening, President Wm. Klinger outlined the ideals toward which the council would work. He stated that a maximum of light with a minimum of heat is desired. The Open Forum, he explained, will seek for the maximum amount of information on whatever subject comes up without causing ill feeling. Each meeting will provide an open discussion with a candid privilege of asking questions in an impersonal manner. Judge Klinger stated that there will be no endorsement of any man or program.

The definition given for the Open Forum is that the Forum is for information, inspiration and fellowship. It is one place where there are no majorities, but all may profit and enjoy the discussions.

It is hoped by the council to have the first forum in the Fall, at which time the officers will endeavor to secure some prominent leader such as Beatrice Forbes-Robertson Hale, Rabbi Stephen Wise or Thos. Osborne.

Many new members are being enrolled for the Forum from all sections of the city. The council desires a thousand members.

FRANCE IS AFTER U. S. GOOD WILL

Campaign Launched for Closer Relationship in Politics

(By NEWTON C. PARKE.)

PARIS — (International News Service) — The most significant movement for the moment in world politics is the campaign launched under the inspiration of the French Foreign Office for closer relations between France and the United States.

NEWTON C. PARKE

The French Government has shown a readiness to risk antagonizing Japan in its eagerness to get on sound and more friendly relations with the new Harding administration at Washington. An influential section of the French press, supported by a strong group in Parliament, would go even farther and take a chance at incurring some ill-feeling in England by supporting the American views on the Mespotamian oil question.

TAKING THE LEAD

Most surprising is the fact that friends of ex-Premier Clemenceau, who urged above all things the necessity of a close Anglo-French alliance, are taking the lead in proclaiming the justice of America's claims in the Mesopotamian oil fields. Clemenceau himself retired from active participation in l'Homme Libre, his newspaper organ, several months ago, when Andre Tardieu and a group of other Clemenceauites took over control.

The new director of l'Homme Libre would not be overlooked in the World War could not be overlooked in her absence from Allied conferences.

"In this affair and in all others France should show herself agreeable to the United States and inspire her confidence," wrote Lautier. "President Harding has affirmed America's interests in Europe with wisdom and with moderation. The blood she spilled on our battlefields gives America the right to speak."

"PERTINAX" ALONE IS SILENT

Le Populaire, Socialist organ, which opposes the majority of the French press on nearly every question under the sun, joins with l'Homme Libre, Figaro, the Matin, the Petit Journal and other influential papers in working for Franco-American co-operation. Le Populaire reviews the history of the oil negotiations and remarks on the close connection Senator Henry Berenger has with the Royal Dutch, the Anglo-Dutch oil company. Berenger was the French representative in the negotiations that sealed England's hold on the Mesopotamian oil fields.

Of the prominent newspapers only the Echo de Paris is abstaining from this governmental and press movement in favor of America. "Pertinax," political editor of the Echo de Paris, sometimes lends grudging support, but more often advises the United States not to meddle in France's tangled relations with Germany.

DEPRECIATION IN FARM PRODUCT VALUES SHOWN IN TAX RETURNS FILED

Depreciation of farm produce prices will cut the total of personal taxes on the Allen county duplicate at least 25 per cent, according to County Auditor C. R. Phillips, whose office has been engaged in collection of returns for six weeks past.

One year ago the farmer with 1,000 bushels of wheat in granary counted it as worth $2,000. This year, the same wheat or similar quantity, is worth only half as much. Hence, value of all grain on farms in the county is only listed at half that of last year.

Returns filed by farmers this year show depreciation. Horses, cattle and hogs have gone down in value. A fat porker worth 16c on the hoof last year will sell for only half as much now. One year ago farmers listed their poultry at $1 a head. This year, but few were listed at over 50 cents.

PROMISE COSTS HIM $500

DENVER — (By Associated Press) — Juvenile Judge Ben B. Lindsey today paid a fine of $500 and costs imposed for contempt of court, thus ending a five-year legal fight from the criminal court to the United States supreme court. The fine and costs amounted to $531.

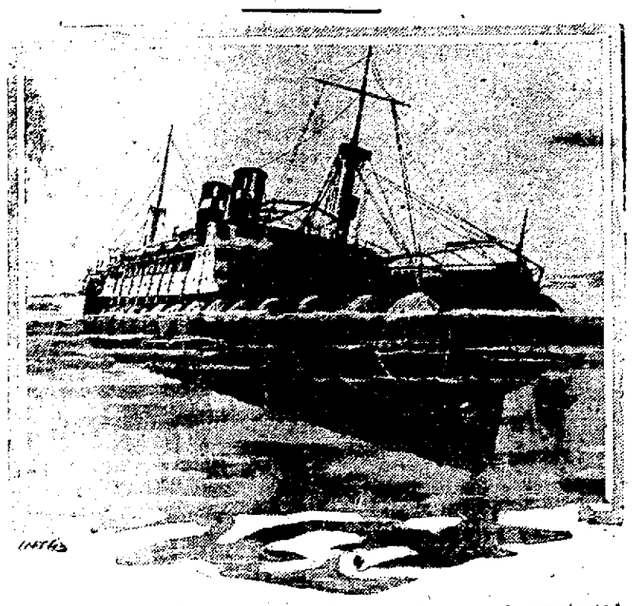

"I have no regrets," Judge Lindsey said, after paying the fine.

Judge Lindsey refused to obey the court's order because he said if he testified he would be "betraying the confidence of a child."

Judge Lindsey's fine and costs were to be paid out of his own funds. He declined aid proffered by bar associations, boys' clubs, civic and other organizations and individuals.

"I have no regrets," said Judge Lindsey today. "I believe the fight we made was right. No court again will ask a juvenile court judge to betray what a child has told him."

SALVAGE OF U. S. S. ISIS, SUNK OFF FLORIDA COAST TO BE TRIED WITH INFLATED PONTOONS

U. S. S. ISIS

NEW YORK — (By International News Service) — Weighted down with the combined hopes of a band of adventurers ranging from metropolitan business men to officers of King George's household at Buckingham Palace, the little converted French warship, Blue Point, is nosing her way to Anastasia Island, off the coast of Florida, with the Saliger Salvage Expedition on board to renew the attempt made by the same group to recover the lost steamship Isis last Fall.

Stormy weather caused the abandonment of the effort last October after the expedition had suffered intense punishment and lost much of its paraphernalia, hence the employment at this time of a staunch craft, which during its experience as a mine sweeper and more recently as a steam trawler off the New Foundland banks established a reputation as one of the most seaworthy ships afloat. Thirty marine afloat. Thirty marine engineers, divers and wreckers are on board with their unique equipment with which they expect to revolutionize present salvage methods thruout the world.

VALUED AT $1,000,000

Their objective is not far from St. Augustine, where the Isis lies completely submerged. The lavish fittings which A. G. Spaulding installed when she was his private yacht and the paraphernalia placed on board by the navy, and more recently by the Geodetic Survey when that branch of the service took her over, is affording sport for the sharks with which those waters abound. Originally valued at $1,000,000, the Isis offers a rich prize for the salvager, especially in view of the costly scientific apparatus that the Geodetic Survey installed and the supplies intended for a year's cruise.

The Saliger Ship Salvage Corporation hopes to recover this wealth thru the application of a principle that may be seen demonstrated at any beach, river or pond where children are at play. The air bags that the more timid ones thrust under their arms are tiny prototypes of the resilient and collapsible pontoons employed by the Saliger system to obviate the use of costly and immobile cranes, derricks and rigid pontoons. The Saliger air bags are huge affairs resembling in appearance great footballs when inflated, but susceptible of being rolled up like a heavy rug for transport and when being lowered alongside a sunken ship.

PROBLEM OF BUOYANCY

After a "mechanical mole" has burrowed its way under the ship, drawing the lifting cables in its wake, the pontoons are attached to the latter and pumped full of air, impairing to each great football a buoyancy capable of lifting twenty-five tons in the water. The size of the ship, of course, determines the number of pontoons, but nothing can resist their lifting power when enough units are employed.

A. B. Saliger, the engineer-inventor in charge of the expedition, expects to have the Isis afloat within three days after work actually commences, but as weather is the determining factor his staunch workship has been coated and provisioned to battle for months with the elements if necessary. She is equipped with wireless to keep in touch with the world, and a tender will ply back and forth between the wreck and St. Augustine for the same purpose.

The personnel behind the project is as unique as the undertaking itself, including marine and financial men and Lieutenant-Colonel Arthur Balfour Haig, Equerry to King George of England and a cousin of Earl Haig, Commander-in-Chief of the British forces during the war. All are looking for fortunes from the rights that will develop thru the successful outcome of the daring experiment in salvage engineering.

ALLEGED FORGER IS NABBED

Caught While Attempting to Pass Bogus Check, Police Say

C. H. Kline, alias Walter Faust, Toledo, was arrested early Thursday afternoon by Officer "Dick" Watkins. It is alleged he was attempting to pass a bogus check for $84 on the Lincoln Highway garage, E. Market.

When Kline asked that the check be cashed, employes of the garage became suspicious and called the police.

According to Chief of Police Roush, the alleged forger admitted cashing worthless checks in Fort Wayne and Van Wert and that he stole a quantity of copper in Celina.

Employes of the Lima Motor Car company are said to have recognized Kline as the man who appeared there recently posing as a truck salesman. He left his grip and borrowed $3, claiming he had to go out after a stalled truck.

He did not return for his grip.

OFFICERS OF Y. M. C. A. ARE ELECTED TO SUCCEED THEMSELVES FOR A YEAR

Officers for the ensuing year were elected by the Y. M. C. A. board of trustees at their Wednesday evening meeting. This was the first meeting of the board since the election of the three new trustees.

R. J. Plate was re-elected president and P. W. Crawford vice-president. D. B. Stewart was chosen recording secretary and Frank Cunningham treasurer to succeed themselves.

H. A. Slonecker, P. W. Crawford and George Herrett were sworn in as trustees. They are the newly elected members of the board.

Reports for the past year were heard and plans laid for the year to come. A budget calling for $51,000 was received and approved by the board. Finances this year are in good shape notwithstanding an apparent deficit. Outstanding bills for which payment has not yet been received are expected to bring the year to a close with no debts.

Introducing Our New Senators

OVINGTON F. WELLER

(Republican)

Former Highway Commissioner, Now U. S. Senator From Maryland; Succeeding Mr. Smith

MR. READER:

Meet a friend of the farmers, altho an urban dweller, United States Senator Ovington E. Weller, who replaces John Walter Smith, veteran Democratic leader of Maryland.

Senator Weller's home is in Baltimore, but his urban affiliations do not prevent him from taking a keen interest in agricultural requirements. One of his "hobbies" is "good roads," and as Highway Commissioner of Maryland credit was given him for building up the present system of excellent highways in that state. He is essentially a friend of the farmer and favors co-operative marketing as one solution of the agrarian problems confronting the country.

BISHOP SCHREMBS HERE TONIGHT

Addresses Graduates of St. Rita's—City Hospital Program

Rt. Rev. Bishop Joseph Schrembs of the Toledo diocese is en route to Lima this afternoon, in an automobile, to deliver the address tonight at the K. of C. Recreation building when five graduates of the nurses' training school of St. Rita's Hospital will receive their diplomas. The Bishop is expected to arrive in Lima between 5 and 6 p. m.

Six o'clock dinner will be served at the hospital for Bishop Schrembs, Monsignor A. E. Manning, Dr. T. R. Thomas, Dr. W. H. Parent, A. W. Wheatley, J. W. Halfhill, Dr. H. S. Noble and the members of the graduating class. Members of the K. of C. will escort the graduating class and the Bishop and attendants to the K. of C. Home, where the exercises will be held.

Ten graduates of the nurses' training school of City Hospital will receive medals from the hands of F. E. Baxter at the Congregational church Thursday evening, where the exercises attendant upon their graduation will be held. John W. Roby will be the speaker of the evening.

In observance of Hospital Day, scores of visitors called at the two hospitals Thursday afternoon, from 2 to 5.

Hereafter visitors will be shown thru St. Rita's hospital only on Thursdays and Sundays, and friends calling on patients will be admitted only between 2 and 4 p. m. each day.

SEVEN FIRMS COMPETE FOR WATER METER AND ASPHALT CONTRACTS

Sealed bids bearing prices for supplying the city with water meters and asphalt for repair of streets were filed at the office of Service Director Elmer McClain, Thursday afternoon.

Bids for furnishing asphalt were made by two firms, the H. P. Anderson company, Chicago; and Barrett & company, of Toledo. The material is to be used in repair of Circular-st, Cole-st between Market and Lakewood-ave and Lakewood from Charles-st to Woodlawn-ave.

Seven firms are in competition for the contract to furnish water meters for the city. They are the Gamon Meter company, Newark, N. J.; Worthington Pump & Machinery company, Cleveland; Hersey Manufacturing company, South Boston, Mass; Union Water Meter company, Worchester, Mass.; Thompson Meter company, Brooklyn; Pittsburgh Meter company and the Ford Meter-box company, Wabash, Ind.

All bids were taken under advisement.

GRAYSON'S NIECE BECOMES ACTRESS

Miss Frances Grayson making up in her dressing room in Boston

Miss Frances Grayson, niece of ex-president Wilson's personal physician, has succumbed to the lure of the footlights. She has deserted society for the stage and is now a member of the "Arlington Players," who have opened in Boston for a season of summer stock.

LIMA MAN JUMPS FROM BRIDGE

Steel Worker Makes Unsuccessful Attempt

John Gillespie, 58, a steel worker formerly employed in Lima, attempted suicide in Cincinnati Thursday by jumping from the suspension bridge into the Ohio river. Two boys saw him take the leap and rowing into the middle of the stream, rescued him. He was practically uninjured.

That he was "suffering from pains in the head" was the reason he gave for the attempt to end his life. Some months ago while employed here, Gillespie was struck in the face by a falling timber and severely injured. After the injury he was apparently in good health and on his last visit here, at Easter, he seemed to be in excellent spirits.

While in Lima his home was at 327 N. Union-st. He was employed at various plants in the city and was an expert bridge builder.

This is the first unsuccessful attempt at suicide of this character in many years, the long jump from the Cincinnati bridge invariably answering the purpose.

MRS. MILLER CONTESTS HUSBAND'S DIVORCE SUIT

Trial of the divorce suit brought by George Miller, a prosperous farmer near Helsel chapel, southwest of Lima, against Mrs. Ida Miller, commenced before Judge Fred C. Becker in common pleas court Thursday noon.

Mrs. Miller is contesting the suit and more than a score of witnesses from their neighborhood are packing the narrow confines of Judge Becker's office, waiting to tell their stories.

T. H. WELLS WINS DIVORCE DECREE

"Millionaire Sergeant" Must Pay Alimony, However

WIFE GETS $300 A MONTH

She is Convicted of Adultery—N. Y. Woman Exonerated

WARREN—(By Associated Press)—Judge A. S. Cole today granted a decree of absolute divorce to Thomas H. Wells, "millionaire sergeant," member of an old and wealthy Youngstown family, from Stacia Welsh Wells, a Youngstown steel worker's daughter who married Wells in New York while she was a manicurist there.

The court finally awarded Mrs. Wells an allowance of $300 a month. She asked for $500 a month. One attorney was granted $4,000 in fees and another firm $1,000, while Mrs. Wells was allowed $1,000 for expenses in connection with the case.

The judge's decree found Mrs. Wells guilty of adultery in Cleveland, Lorain, Toledo, Ohio, Goshen, Ind., and Chicago, with H. M. Wallis, a young millionaire of Racine, Wis.

The opinion completely exonerated Mrs. Sam Harris of New York, wife of the theatrical magnate, and Mrs. Herbert Owen of Youngstown, implicated in counter testimony given by witnesses for Mrs. Wells.

This decision was made upon special request by Wells' attorneys.

Argument upon the question of alimony was begun after the decree was handed down.

MELLON IS NOW ACTING REVENUE COMMISSIONER

WASHINGTON.—The duties of internal revenue commissioner devolved today on Secretary Mellon of the treasury department, by reason of the expiration of the thirty days legal limit during which M. F. West, assistant commissioner, could act as commissioner.

Secretary Mellon will continue to discharge the duties until a commissioner has been confirmed by the senate. The nomination of David H. Blair, of Winston-Salem, N. C., to the post was again up for consideration today before the senate finance committee.

Mr. Mellon said the issuing of regulations to govern the sale of beer for medicinal purposes in accord with the decision of Attorney General Palmer, would be held up until a commissioner had qualified.

The Great Business Class Room of 1921

Successful American business men are studying current conditions. More of them are coming to think their way to and through shifting situations, such as are presented by new problems of distribution. They are finding facts and facing them.

They have discovered that by groups they grapple best with stubborn questions of policy and practice. Trade troubles seem to yield to the inspiration and concentration of mass thought and discussion. Impulses merge, desires fuse, and great good grows out of agreement on purposes and goals.

These advertising meetings have come to be known as Business Class Rooms. One of the greatest of these will assemble in Atlanta in June, the

Seventeenth Annual Convention
Associated Advertising Clubs of the World
Atlanta, June 12-16

Thousands of men from hundreds of cities will gather in this five-day University of Experience. They will assemble to exchange cash-drawer ideas and share long-cherished ideals.

Come! Give and take in this Great Business Class Room!

Exhibits of Domestic and Foreign Advertising, demonstrating the use of practically all recognized mediums, and arranged solely with a view to helping the convention delegate, will be a special feature which, alone, will make the trip worth while.

In June, Atlanta is at its best. High on a ridge between the Gulf and the Atlantic, fanned by cooling breezes and clad in gay summer attire, it is, as proved by United States Weather Bureau reports, a delightful place in June.

PLAN TO REVEAL PRICE BOOSTERS

Merchants Meet in Washington to Launch Campaign

GOVERNMENT AID SOUGHT

Retailers Confer With Department Heads

(BY RUSSELL BROWNING)

WASHINGTON — The consumer is about to learn who is keeping prices up.

Representatives of the National Drygoods Association arrived here today for a series of conferences with heads of government departments to show the retailers are not to blame for the failure of prices to come down to normal. They will launch a public campaign to show the consumer that they are not keeping prices up or making extortionate profits.

The merchants will call on the federal trade commission today and compare notes on "fair prices." Next they will call at the federal reserve board and request the money director to "loosen up a bit" on the credit situation.

The retail men say that money is so tight they are forced to run their business on a "shelf to till" basis. Is a real merchant prince now who can discount his bills, they declare.

Tomorrow the retailers will call on Secretary Hoover and plans will be discussed for the department of commerce to aid them in solving their problems.

Hoover does not wholly blame the retail merchant for continued high prices. He holds that wrongly adjusted freight rates, high rents and other overhead items are contributing factors.

Reports on the price situation coming into the department of commerce show that the small town merchants have faithfully reflected the downward trend of wholesale prices. In lines where competition is keen like the chain stores, there also has been a big drop.

N. O. T. TRACTION LINES AGAIN IN OPERATION

AKRON.—Following one week's tieup, Akron street cars were running this morning as the result of a tentative agreement reached yesterday between striking platform men and officials of the Northern Ohio Traction and Light Company. The agreement under which service was resumed calls for arbitration of wage demands by a board of three, one to be selected by the company, one by the union and one by Governor Davis or Judge Henry S. Harter of Canton. The decision of the arbitration board is retroactive to May 1.

NUXATED IRON

Helps make rich, red blood and revitalize weak nerves

WEAK NERVES AND THIN BLOOD

RUIN HEALTH OF THOUSANDS WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood.

There are 30,000,000,000,000 red blood corpuscles in your blood and each one must have iron. Without iron your blood loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of good—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach, because it is organic iron like the iron in your blood and like the iron in spinach lentils and apples and not metallic iron which people usually take. Your money will be refunded by the manufacturers if you do not obtain satisfactory results. Beware of substitutes. Look for the word 'Nuxated' on every package and the letter N I on every tablet. Sold by all druggists.—Adv.

GIRLS! DON'T WORRY ABOUT THAT UGLY LOOKING RASH

A Few Applications of Lanolated Iodine Compound Will Quickly Heal It.

Lanolated Iodine is the ideal method of treating rough, sore, pimply skin. Unlike ordinary Tincture of Iodine, it will not stain or blister. Just rub it in before going to bed, and in a few days you will wonder where that ugly looking rash or those unsightly pimples have gone. Your skin should soon become smooth and velvety without a single blemish on it.

Don't worry another minute—start this simple treatment today go to any good drug store and ask for a small jar of Lanolated Iodine. Use it tonight. You will surely be pleasantly surprised at the results obtained.

The soothing, healing and antiseptic virtues of Iodine in this ointment are rub right in, like a vanishing cream, where they quickly absorb the poisonous, dead or diseased tissues, at the same time protecting and soothing the healthy skin.—Adv.

PLAN CITY PARK AT WAPAKONETA

Civic Clubs to Buy Ground—Farmer Hurt in Runaway

WAPAKONETA — (Special) — Chamber of Commerce, Kiwanis Club and the City Federation of Women's Clubs are endeavoring to secure the old Home Milling Co. site adjacent to the B. & O. railroad here for a public park. Plan is to buy it at public sale in receivership proceedings Wednesday and have council pass legislation for the city to assume charge. The appraised value of the property is $9,000. This city has no park at the present time.

Guido Franke, a former Wapakoneta druggist, died of apoplexy in St. Louis at the age of 43 years.

When his horse bolted and ran away Charles Sellers, a farmer residing east of here, was kicked in the face by the animal and suffered gashes over the right eye and cheek. It is thought the cheek bone is fractured. John Brands, a small lad, stopped the horse and found Sellers unconscious.

Body of Dewey H. Shaner, Anglaize-co soldier, killed in the world war, is expected this week at the home of his parents, Mr. and Mrs. John O. Shaner, in Waynesfield.

James South, New Knoxville youth, indicted by the grand jury on five counts for petty larceny, grand larceny and burglary, plead guilty and was sentenced to the Mansfield reformatory by Judge Layton Wednesday.

C. W. Timmermeister, secretary of the Red Cross, is co-operating with the national government in securing the names of all ex-service men who need medical attention.

Married: Edward A. Pfenning and Miss Philippine Nester.

EPSOM SALTS LIKE LEMONADE

If you want epsom salts without the awful taste and nausea, ask your druggist for a handy package of "Epsonade Salts" which looks and acts exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoon in a glass of cold water whenever you feel bilious, headachy or constipated. "Epsonade Salts" is the much talked of discovery of the American Epsom Association.—Adv.

Kidney and Bladder Troubles HAVE TO GO

Clogged up Kidney Depo[illegible] are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee Him Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys, so whatever you do do not neglect them."

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be starting upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription If you have any of the above symptoms, Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for Hunter's Drug Stores and every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.—Adv.

Suffering of a Quarter Century Quickly Relieved by Nerv-Worth

West Virginian Tells Interesting Story

Va., in a letter written some time ago. "I suffered 25 years with stomach trouble and nervousness," said L. F. Ferguson, Route 2, Clarksburg, W. Va., and he continues, "I had pains in my stomach, back and side, and my circulation was poor, I got no sleep and was as tired in the morning when I got up as when I went to bed. I became restless and despondent. I had doctored right smart and spent lots of money, but my food would not digest and I was always full of gasses. Since taking Nerv-Worth, my condition is a great deal better in every way. I am feeling good, sleeping fine, my food digests, and the gasses are gone. My whole general condition is much improved and I certainly recommend Nerv-Worth to my friends." If it's stomach trouble you have, the above statement proves to you that Nerv-Worth is the medicine you want. Remember if your first bottle is not satisfactory, your druggist is authorized to refund your money.

Nerv-Worth is sold and recommended by Hunter's Drug Store, Lima; C. M. Young, Van Wert; Gasson's Drug Store, Lintz Drug Store, Kenton; Powell's Pharmacy, Bellefontaine; Minsel's, Defiance.—Adv.

TWO INDICTMENTS AGAINST WOMAN

Celina Mother Charged With Killing Two Babes

TWO, TAKEN IN RAID, FINED

Woman Seriously Burned When Stove Polish Explodes

CELINA — (Special) — Another indictment charging first degree murder was returned against Mrs. Marie Grimm today by the special grand jury investigating her alleged confession that she had disposed of two children, both infants.

The first indictment against the woman, charging first degree murder, followed the finding of the body of an infant in an outhouse. Mrs. Grimm, who is separated from her husband, is alleged to have admitted that she disposed of another child 18 months before the finding the baby's body. Investigation followed and the bones of the first child were found.

George Rammel and A. W. Gottes, farmers of Burkettsville, were fined $100 and costs, each when arraigned before J. L. Morrow, justice of the peace, on a charge of having liquor in their possession.

It is alleged that the men had a quantity of dandelion wine at their places. Both said it was for their own use and it was not brought out at the trial that any attempts to sell it had been made.

The two men were arrested Wednesday in the Mercer-co raid by prohibition agents. The charge against them was filed by James Romains, prohibition agent.

Mrs. Ross West, 55, residing five miles west of Celina, was near death Thursday as the result of burns suffered Wednesday while she was polishing a stove. Liquid polish was ignited from the fire in the stove and exploded, throwing the burning mass over the woman's entire body.

She was alone in the house at the time. A tub of water stood near and she jumped into this, extinguishing the flames about her skirts, but she was severely burned about the body and face. Her husband was in a field a considerable distance from the house and she was forced to walk some distance to summon aid.

The burns, together with the severe shock, it is said, may cause her death.

Mike Beckstedt, living near Celina, under went an operation at St. Rita's hospital, Lima, Wednesday for relief for appendicitis.

EMPLOYERS AND CAR MEN CONFER ON WAGE CUT

TOLEDO.—Conferences between the Community Traction Company, which operates the Toledo street car lines, and its platform men were resumed here today after a deadlock lasting more than two weeks.

Edward McMorrow, international organizer, who averted a strike in Detroit recently, was expected to take part in the conference here.

It was pointed out by company officials today that the decision of the men in Cleveland and Detroit to accept wage reductions of 20 per cent probably will have an effect here.

Several weeks ago the company made a propositio n to reduce the wage from 60 to 48 cents an hour. The men rejected the offer. It was said officially today that the twenty per cent reduction will be in effect.

PATRIOTIC BODIES PLAN TO OBSERVE DECORATION DAY

Plans for Memorial Day services in Lima were discussed at a combined meeting of the G. A. R., W. R. C., the American Legion and the Spanish War Veterans held at Memorial Hall Wednesday night.

A program committee consisting of James I. Heffner, John A. Harley and John Barrick was named to complete arrangements and prepare for a parade which will be held during the morning.

Exercises will be held at Woodlawn cemetery and other patriotic ceremonies are being arranged.

YOUNG GIRLS NEED CARE

Mothers! Watch Your Daughters' Health

Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give.

The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy. If she complains of headache, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety.

Read how Mrs. Eicher helped her daughter. She says:

"At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Mrs. Williams will profit by her own experience. She says:

"When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and my mother knew nothing about it. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and took my own spending money and bought a bottle. It helped me so much that I took it regularly after that until I had taken two bottles and I did not have any more pain or backache and have been a healthy, strong woman. I am now 39 years old and have a little girl of my own, and when she gets old enough I shall give her none other than Lydia E. Pinkham's Vegetable Compound."—Mrs. C. E. WILLIAMS, 2437 W. Toronto St., Philadelphia, Pa.

For almost fifty years Lydia E. Pinkham's Vegetable Compound has been relieving women, young and old, of ailments peculiar to their sex. Ask your neighbor about it, for in every neighborhood there are women who know of its merits.

Thousands of letters similar to the above are in the files of the Lydia E. Pinkham Medicine Co., and for years such letters have been published. Surely it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

FORCING IMPROVEMENT

IT is not exactly to the credit of Lima that a certain number of her citizens, owners of property, have failed, refused or neglected to comply with orders of council for the construction of sidewalks where they are badly needed. And it doesn't redound to the credit of this city that the local legislative body was required to appropriate $5,000 for the building of such sidewalks, at public expense, making the cost a lien on the property, to be collected as other taxes

Many ordered to build walks have done so. Others perhaps, are not financially able But there are many who have been so accustomed to defying authority in the matter of sidewalk building that perhaps they feel they can go on indefinitely refusing to obey an order from legally constituted government. In cases where it is shown that owners of property cannot comply with a sidewalk building order except thru hardship, there is reason enough for leniency and patience, but with those who are well able to do so and refuse, the order should be pursued.

The announcement is made that the city is ready to start work. It is also stated that the service and engineering department needs $7,000 for the work, whereas but $5,000 was appropriated. This should be no handicap. It should not prevent the work being started and prosecuted as far as possible with the funds available. Those who have become chronic in their refusal to provide walks in front of their property, altho able financially to do so, should be visited first by the sidewalk force, leaving until the last those who are having a difficult time to meet other expenses. If there isn't sufficient money to meet the needs, these can go over another year.

A city is known by its sidewalks as well as by the calibre of its citizens, its record as a law abiding community and its progressiveness. Those who refuse to do their part are not fair to their fellow citizens. Council has dallied with the question of bad sidewalks all too long It is time that action should take the place of talk. With some persons a request is sufficient; others obey only when a command is given; there are always a few who won't move until given a jolt. Council is justified in doing a little jolting.

CHANCE TO MAKE GOOD

DURING the past several months there has been more or less talk among citizens of Lima concerning the attitude of the people on the question of approval or disapproval of the "ripper" bill rushed thru the Legislature by Governor Harry L Davis, reorganizing the machinery of the state of Ohio, tearing down about all the established methods of conducting the business of this commonwealth

For the most part, if the echoes heard correctly reflect the situation, there is a preponderance of sentiment against it, as the general understanding concerning the measure is quite correctly summed up when the "ripper" is viewed as a distinct effort to bring about the necessity of more money for the maintenance of administration, providing more jobs and more salaries and placing nearly every man in the government machinery of the state directly under the Governor, so far as his appointment or continuance in office is concerned.

Spoken opposition to the reorganization bill, which was passed with an emergency clause hitched on, designed to defeat the purpose of those who would bring a referendum on the reorganization plan, to ascertain if the people approved or disapproved it, has been quite general, confined not only to the ranks of Democrats, but apparently quite general among Republicans, because they are too jealous of any attempt to abridge their rights. They object strenuously to the emergency clause.

A fight has been started on Governor Davis' pet hobby, which will go into full force and effect on July 1 if the courts do not declare the emergency feature unconstitutional. And even if there should be a referendum granted and the Governor should be sustained, the people of Ohio will then have voted upon themselves additional tax burdens An opportunity is apparently to be afforded It is proposed to secure 120,000 signatures to petitions in Ohio to obtain a referendum Those who have been loud in their denunciation of the measure will soon be afforded an opportunity to place their names on the dotted line.

The time for talk will soon be past. It's going to take signatures to count If those who talk don't sign, they'll have no kick coming if Davis' machine rumbles over them later.

PUNISHING THE DRAFT DODGER

QUOTING a proverb that is as old as time itself, it is expressive of the fact that continues until this day. "The way of the transgressor is hard."

And the way of the draft dodger is going to be mighty hard, if indications count for anything at all. Ever since the outbreak of the war, when American young manhood was called upon to fight for this country, the draft evader has been hounded

In this country, soon after the draft law became effective, the spirit of dodging developed, which continued to prevail until several thousand creatures in the form of men fled the country, hid themselves away or refused to play their part. It is only justice to the 24,000,000 men who did come forward and register for service, that Uncle Sam should call the roll of the delinquents Their names ought to, and probably will be, enrolled, but not on the pages of honor. When it is considered, however, that raising a volunteer army of the size that was necessary, was not considered possible, the success that attended the effort is remarkable.

That there would be slackers was anticipated and means were devised to meet the situation. The draft dodger, no matter what he may consider his status, is still in service and the government is intent upon making those who declined to do their duty meet the ordeal of standing court martial as deserters.

Those who were required under the law to register and did not do so or ran away to escape induction into the service, are on an equal footing. In either case they stand branded as deserters. Nothing but shame can be felt for those who shirked their duty to their country when the call came. There should, and will be, very little sympathy wasted on draft dodgers The less sympathy they expect, the less they will be disappointed. Draft boards all over the country are preparing lists of the slackers in their communities. Uncle Sam will announce later what is to be done with those who shirked and are still in this country. Means will also likely be provided for returning those who ran away to other countries.

MISS LIMA: "Most any little married man in Lima will tell you that he doesn't mind unseasonable May weather conditions. It prevents his wife from getting the house cleaning germ in her system."

IN THE SPRING OF BUSINESS REVIVAL A CAPTAIN OF INDUSTRY'S FANCY LIGHTLY TURNS TO THOUGHTS OF LOVE

JUST FOLKS—BY EDGAR A. GUEST

Tiredest feelin' that I know
Is tired of bein' on the go.
Work can play me out, but then
Morning finds me glad again
To go back to toil and face
All the cares which fill my place,
But the wanderin' about
Somehow seems to wear me out

Weariness is what he knows
Who has tired of picture shows,
Tired of all the pleasures which
Ought to make a lifetime rich,
Tired of eatin' food at night,
Tired of dazzlin' lights an' bright,
Tired of bein' asked to loam,
Wishin' he could stay at home.

Pleasure-seekin' wearies more
Than the goals we struggle for;
None becomes so tired as he
Who fore er wants to be
Out where all is bright an' gay,
Spendin' all his hours in play;
Joy is only good for men
When they find it now and then.

Work's a better friend than play,
Tires us in a different way;
Sleep remains a soothing balm
For the weary back and arm,
But it's difficult to find
Comfort for the tired mind,
An' it's true beyond all doubt,
Pleasure-seekin' wears you out.

SORE EYES AND VISION

Ordinary acute conjunctivitis (inflammation of the membrane lining the eyelids and covering the eyeball) does not impair the eyesight. Even severe epidemic inflammation of the eyes (often called "pink eye") does not seriously impair vision. Injuries of the clear covering of the sight (the cornea) from cinders or other foreign bodies or from wounds, often leave serious impairments of vision, by reason of distortion of the cornea and the globe of the eye from scar tissue.

The severe purulent or pus-producing inflammation of the eyes of the newborn caused by gonorrheal infection and known as ophthalmia neonatorum, if not promptly and skilfully treated by the physician or oculist, is likely to lead to blindness—this is the cause of the blindness in about one-fifth of all the blind in public institutions—the innocent reap the punishment which the guilty parent has, for the moment, escaped.

In certain parts of the country a very contagious, chronic, slowly progressive eye inflammation is prevalent, commonly called "red sore eyes," "granulated eye lids," and known to physicians as trachoma, which always impairs vision more or less, and sometimes terminates in total blindness. In this condition there is usually more or less pain felt in the eyes, sensitiveness to light, sticking together of the eyelids mornings and irritation of the lining of the lids.

It must not be supposed that every obstinate lid inflammation in which the lids are called "granulated" is trachoma, for granulation occurs in other eye inflammations which are not of serious import. But in districts where trachoma occurs, routine examination of school children by the health authorities or school physicians often reveals early or mild cases of trachoma among the children.

Sometimes trachoma begins acutely, like ordinary conjunctivitis or sore eyes, and the trouble persists even after the usual duration (a few days) or ordinary conjunctivitis, and is not amenable to the simple remedies which relieve ordinary conjunctivitis, such as cold moist compresses and frequent bathing of the eyelids with boric acid solutions.

Free hospitals for trachoma patients have been established in Kentucky, Tennessee, West Virginia and North Dakota, where the disease happens to be especially frequent, thru the interest of the United States Public Health Service and the various State Health Departments Every health officer is prepared to give information about such free hospitals.

The treatment for trachoma is usually surgical, and is carried out thru a considerable period, so that some sort of arrangement must be made for prolonged supervision of the patient.

The disease is probably spread thru personal contact with one having trachoma ,and also by the use of the some towel It was probably brought to America by the immigrants from the poorer sections of Europe many years ago, before the present rigid eye examination of immigrants at the seaport became so efficient in detecting and excluding those who had evidences of trachoma.

WHAT THE STARS PREDICT

This is a lucky day

Those who wish to change their positions or who are seeking employment, are likely to succeed on this day, as the stars are kindly towards them

It is prophesied that a newspaper man will be awarded great honors in the near future.

Women should avoid making new connections at this time, as this rule of the stars is not favorable for them

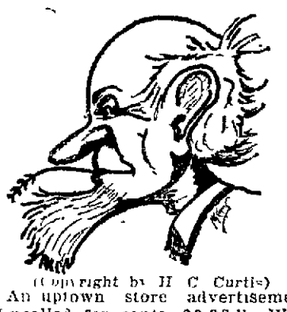

This is an unlucky day for weddings

Persons whose birthday this it, will have a successful year; those who are employed by others will be promoted

Children born today will be temperamental and inclined to go to almost any lengths to get their own way Unless they are carefully trained when they are young, they will have unsuccessful lives.

In our house
We are sticklers for
Abiding by all the new laws
And other things which they get up
And so, when
They told us to turn
All clocks ahead one hour
We impressed it upon each other
That the clock
Must be turned ahead
At all costs, so everything
Around our place would be regular
At some time
During the evening
Everybody took a crack at the clock
And turned it ahead an hour,
And when the maid came in
From the theater,
Where she had been with her beau,
She remembered about the clock
And turned it ahead another hour.
The result is that our clock
Is now about six hours ahead
Of the times, and we all get up
At 2 o'clock in the morning

WALLY REID'S THRILLER IS RAILROAD STORY

"The Love Special" Simply Reeks With Excitement of Hair Raising Kind

Directory of Local Movie Theatres and Gossip of Screen UP to the Minute

(By ESTHER WAGNER.)

REMEMBER Wallace Reid in a racing auto? His last few pictures have given him that kind of role, but for real thrills and excitement, watch Wally burn up the rails as an engineer! "The Love Special," his newest vehicle, shows him as a builder of railroads, a battler with Nature and the wooer of a lady fair. The lady fair being, in this particular instance, Miss Agnes Ayres. And it's some picture!

"The Love Special" is a sizzling comedy-drama, no sex problems, no matrimonial mixups, no life lessons, nothing but a fine railroad story with lots of railroad atmosphere. A charming romance and a few well staged thrills to lend spice to the production. The story revolves around Jim Glover, construction engineer, who meets and falls in love with the daughter of the president of the road and finally wins her despite the schemes of Harrison, a director of the road, who also loves her.

Besides Agnes Ayres, the supporting cast includes Theodore Roberts, Sylvia Ashton and Lloyd Whitlock.

"The Love Special" is scheduled for an early run in this city. Watch for it.

HARDING HIGHWAY AID PROMISED

Hope Revives With Assurance Given to Commissioners

Assurance that Leon C. Herrick, state highway commissioner will give all aid possible to the Harding Highway in providing funds for its improvement were given J. Kennard Johnson, commerce chamber secretary in a letter received Thursday.

Commissioner Herrick states, in part:

"Confirming our conversation of this morning it seems to me that conditions are righting themselves for a rather extensive improvement of this (the Harding) highway and immediately upon passage of a Federal aid bill, or rather upon receipt of knowledge of the type of bill passed by Congress, I shall be very glad to meet you and officials of the association and go over the situation to ascertain just what should be done upon this improvement.

"I want you to be assured," Herrick declares, "that it is the intention of this department to apportion funds to this particular highway, as soon as Congress makes funds available."

Officials of the highway association have been endeavoring to secure $133,400 Federal aid rescinded by the state department. The money was originally intended to be expended on the portion of the route in Allen-co.

Similar assurances were given county commissioners Wednesday, in reference to other roads in Allen-co.

MYSTERY ATTACK IN CINCINNATI PROBED

CINCINNATI — Following a request by Frank W. Parker, Williamsburg, Ohio, detectives have started a new inquiry into the circumstances under which Parker's son, Lee Parker, 32, suffered a skull fracture in Cincinnati the night of April 23. Young Parker, a teacher, employed at a government vocational school in Washington, D. C., was on his way home on a vacation and registered at a local hotel. He was found on the street in a dazed condition. Parker was not able to tell police much about himself and it was believed that he had fallen. He is now in a hospital at Dayton. The father of the young man told the police that his son said he had been kicked and beaten by three men in a Cincinnati saloon. It is not believed that robbery could have been the motive as $42 was found on him at the general hospital.

STAR DUST

A FAMILY AFFAIR

By Violet Moore Higgins

Mr. and Mrs. Movie Fan—meet Mr. "Wally" Reid Junior. By the way, the lady smiling at him is Mrs. Wallace Reid Senior (Dorothy Davenport) and as for the man back of her, that's Wallace Reid, the Paramount Artcraft star, who has often been called the handsomest man in the films.

There was once a time when if a handsome young actor had a wife—or worse yet—a family—it was kept a dark secret. There was an idea that if the matinee girls ever learned the awful truth, they wouldn't be interested in the actor any more, and so the play would fail and the manager would fail and the world would come to an end generally.

But things are different now, and the stage folk and the folk of filmland live just such happy normal lives as the rest of us.

The Reid household is one of the happiest homes in California's famous film colony. Little Wally is one of the most prominent and popular citizens in the community. He's looking very serious just now. Possibly he is considering his future career.

"I think he's going to be a fireman," big Wally confided, "he always takes such an interest in the fire engines when they go by."

"Perhaps he'll go into pictures," I suggested.

"Well, it'll be a few years yet before he cuts his poor old dad out of a job," said Wally Senior.

FUNERAL SERVICES FOR MRS. BISHOP ON FRIDAY

Mrs. Martha Elizabeth Bishop, 39, wife of William Bishop, 1330 S. Sugar-st, died late Wednesday afternoon at the City hospital. She was born May 12, 1880 and would have celebrated her fortieth birthday Thursday. Besides her husband, she leaves a daughter, Mary, and a son, Leroy, both at home: a sister, Mrs. Maggie Rinebolt, of Marion and one brother, John Bishop and her mother, Mrs. Clara Bishop, both of Bellefontaine.

Funeral services from Mt. Tabor church Friday at 1:30 p. m. Burial in the cemetery nearby.

COTTAGE FOR TWO LOSES CHARM

Garry Wiswell Divorce Applicant —Suit From Delphos

A cozy cottage built for two had no charms for Naomi Wiswell, according to Garry Wiswell, her husband, who filed petition for divorce in common pleas court Thrusday.

Wiswell, employed as a ticket agent, married his wife in Lima, April 30, 1919. He made a home for his bride at 514 E. Elm-st, but she refused to occupy it, or perform household work, he now charges.

Twice she left him without cause, the husband avers in his petition. She is also alleged to have stated to Wiswell that she wanted to be free and out of his house.

Petition for divorce filed by Carl J. Hanf, is the sequel of the reported sensational elopement of Robert Bean and Mrs. Marie A. Hanf, who are alleged to have fled Delphos together January 7 and given residents of the place a theme for gossip for weeks afterward.

Mrs. Hanf has no family but Bean left a wife and two children when he severed home ties.

The plaintiff recites in his petition that he was married in Delphos in 1915. He charges various indiscretion on part of defendant, commencing in 1917. He denies knowledge of whereabouts of his wife and her alleged lover.

PARENT - TEACHER MEETINGS HELD

Reports Made Thursday on Examination of Children

Meetings of Parent-Teachers associations are being held at the various schools Thursday afternoon. Meetings are held every six or eight weks and are for the purpose of drawing the parents and teachers together for the study of school conditions and work. The progress of the pupils is also taken up.

At the last meeting, held six weeks ago, a decision was reached to have every child in the lower elementary grades examined by their family physician. The idea in mind was to be sure that physical ailments were not retarding the work of the child. As a result of this action 2376 of the 4374 pupils have been so examined and reports will be made, as to the general results obtained, at the meetings Thursday afternoon.

Intelligence tests are also being taken at the different schools and when the results are tabulated and compared with the physical examination records, many interesting things are found. Reasons for pupils not doing the best work are disclosed and methods worked out to help them.

These meetings are held three or four times during the school year and have been the custom here for a number of years.

HEADQUARTERS FOR PARK TAG DAY AT C. C. ROOMS

Headquarters for Tag day, to raise $1,500 for park purposes in Lima, will be at the Chamber of Commerce, O. G. Snider, chairman of the commission, announced Thursday.

The parks of the city have no funds for maintenance this year and the recently appointed park commissioners are seeking to secure $1,500 to keep them in condition.

Heads of womens' clubs in the city were approached Thursday and asked to provide chaperones for the 90 girls who will sell the Tags May 21. One woman will be stationed with every two to three girls. At least 30 women will be needed to supervise the sale.

Chairman Dudley Bernstein, of the Chamber of Commerce public recreation committee, will co-operate in pushing the drive for funds.

COLUMBUS —State Fire Marshal H. A. Dykeman was notified of the arrest in Toledo of Dave Williams wanted in connection with the burning of his home in Mansfield. His wife is said to have confessed that Williams set fire to the house in order to collect insurance said to amount to $1,000.

STILLMAN DIARY TO BE READ

Will Be Offered as Evidence in Divorce Case

BARES HOME LIFE SECRETS

Describes Wife's Emotions at the Breaking Point

NEW YORK — (By United Press) —A diary in which Mrs. James A. Stillman chronicled vividly the events leading up to the "break" with her husband, will be introduced when the hearings in the divorce suit are resumed next Thursday, it was learned here today.

According to friends of Mrs. Stillman, the diary will refute much of the testimony already introduced by Stillman's attorneys and further will describe the emotions she experienced when she discovered her husband's alleged relations with other women.

The existence of this diary had been a guarded secret up to the present. It was alleged that many attempts had been made to seize or destroy it. Legality of the book's admission, as evidence, already has been established, it was said.

Attorneys for Mrs. Stillman were understood to have practically completed plans for presentation of her counter-charges.

Stillman's counsel are expected to rest their case after Dr. Hugh Ruesell, the Buffalo physician, concludes the testimony he began at the last hearing here, when he testified Mrs. Stillman had told him of alleged intimacy with Fred Bauvais, French-Canadian guide.

The counter-charges, as originally planned, will be centered about Mrs. Florence Lawlor Leeds, of whose two-year-old son Jay, Stillman is alleged to be the father.

Reports that Beauvais would come here to testify, also were denied. It was stated positively that any evidence presented by him would either be in the form of a statement or would be presented to the special commission scheduled to go to Canada soon after the hearings are concluded here.

MAYOR ARRESTED

Dover Executive Accused of Illegally Receiving Liquor

DOVER, O. — (By Associated Press) — Mayor W. H. Scheu was arrested this morning on a warrant sworn out by County Prosecutor Bowers on a charge of illegally receiving liquor. Mayor Scheu pleaded not guilty and was released on a $1,000 bond for a hearing next Wednesday.

The action was taken following the pleading guilty by Jacob Fondreist, on Tuesday, to charges of possessing and selling liquor found in a raid on his restaurant last Saturday night at which time Mayor Scheu was found in a private room drinking coffee.

County Prosecutor Bowers has demanded the mayor resign or face charges before the governor. Mayor Scheu announced he will not resign.

FRENCH PREVAILS AT DINNER GIVEN FOR MUSIC CLUB

(BY ROSEMARY CHRISTEN)

ONE of the most unique events in the history of the Woman's Music Club was held Wednesday evening at the home of the incoming president, Mrs. C. S. Baxter, W. Market-st. Garden flowers of every hue and kind made the rooms bowers of fragrance.

Members gathered at the Baxter home at 6 o'clock and at 6:30 o'clock the hostess announced the dinner would be served cafeteria style and that only the speaking of the French language should prevail during the dinner hours. Mesdames Charles Black, Minor Keltner, E. A. Siferd, R. O. Wood, C. S. Baxter; Messrs. Keltner and Siferd garbed in French chef costumes served. Little John Baxter assisted.

At the close of the dinner the incoming president gave her initial address, expressing great appreciation of the honor bestowed upon her. In outlining her policies for the coming year, Mrs Baxter said she was planning to form three quartettes, which will help in adding to the enjoyment of the matinee recitals. She suggested that five hostesses be appointed for each matinee recital, to welcome the guests and that the number be increased for the evening concerts. The usual five concerts will be given next year but no definite engagements have been announced. Several very novel and interesting entertainments are in prospect, including the Little Opera Company which will be a combination of three of the dancers from the Ruth S. Denis School, Los Angeles, and the one act opera, "The Secrets of Suzanne," accompanied by their own little orchestra and their own beautiful stage settings. Another engagement for which the club is negotiating is a concert to be given by Theo. Karle, American tenor.

One of the important features of the evening was the report of the chairman of the membership campaign, Mrs. R. O. Woods. Cards were distributed to the members of the club, all being requested to secure their quota immediately in order to make their report at the luncheon to be held sometime in June. Committee on the membership campaign includes: Mrs. R. O. Woods, chairman; Mrs. J. E. Evans, Mrs. Frank Callahan, Mrs. E. A. Siferd, Mrs. J. E. Dexter, Mrs. Joseph Davison and Mrs. May Kibby Clark.

INGROWN NAIL

Toe Nail Turns Out Itself if You Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. Adv.

NEW TOP COAT OF STRIPED FLANNEL IS FASHIONABLE

By ELOISE.

The polo coat which has had such a long reign in the front row is still smart for general utility wear, but the very fashionable women are wearing the new striped flannels instead of polos. These flannels give just the smart dash needed to set off a white sports costume. Many attractive models are shown in top coat and sport effects.

This coat pictured is a well-tailored model made of black and white striped flannel. It is a straight-line, rather loose model, unbelted. The swagger lines and collar fastening high at the neck are features which every woman likes. It makes a smart wrap for motoring or beach wear. The awning stripes are very effective, but can not be worn by every type of figure.

GIRLS! LEMONS BLEACH SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.—Adv.

MEN, WOMEN AND ANIMALS APPEAR IN THOUSANDS IN BIG PRODUCTION

Thousands of men and women, bareback riders, Amazons, barbaric dancers, pagan beauties! Thousands of horses—with monkeys, lions, tigers, chimpanzees, and bears besides. CARE OF THE HAIR

Helpful Advice Worthy the Attention of Everyone Who Would Avoid Dandruff, Itching Scalp, Gray Hair and Baldness.

Beautiful hair is every woman's birthright and one of her greatest charms.

It's your duty to not only preserve the natural beauty of the hair, but to improve it. You cannot afford to neglect it, and just a little care will work wonders.

If your hair is scanty, wispy, brittle, dry, losing its natural color and lustre, and full of dandruff, it needs immediate attention. Don't wait, but begin now—tonight—to help it regain its life and beauty.

Any good druggist can supply you with Parisian Sage, which is guaranteed to keep away all dandruff; stop falling hair, promote a new growth and beautify it, or money refunded.

Parisian Sage is perfectly harmless. A clean antiseptic and daintily perfumed liquid—neither greasy or sticky—and easy to use.

If you want a fresh, clean scalp, and a wealth of lustrous, live-looking hair that's easy to arrange attractively, try this simple home treatment.

Thompsons 3 Drug Stores will supply you and guarantee money refunded if not satisfied.—Adv.

SHE OBJECTS TO MODERN GIRLS

"Enjoy Yourself," is Advice Miss Smart Gives Young Woman

Many Are Helped Thru This Column—Letters Answered

Dear Miss Smart:

I am a girl 18 years old and I am very dissatisfied because I have no girl chum. All the girls of today are so peculiar and I don't seem to be able to like any of them very well. All they like to do is dance and have a good time and think that there is nothing finer than getting married. Sometimes I think that is al they think of. Aren't there any girls anymore who just like to read and take an interest in the worth-while things in life instead of all this foolishness?

A READER

FRANKLY, I think you are in the wrong just as much as they. If you do not take advantage of the good times, providing they are good, clean and wholesome, which await you as a young girl, you will doubtless regret it in future years. Your conception of marriage is, indeed, very wrong. Do not place books and such above marriage. There is no career finer than that of a good wife. It is right and natural for every girl to look forward to a happy marriage as the best and most sacred thing which life can offer her.

Do not misunderstand me and think that girls should be nothing but "society butterflies," neglecting books and ignoring the pleasure and cultural value of things you prize so highly. It is well for girls to exercise good sensible judgment and divide their time between improving themselves mentally and accomplishing things worth while and enjoying themselves socially.

You are missing much when you do not share in the dancing and other diversions which belong to youth. It may be if you try to interest yourself in the various activities in which the majority of the girls participate, they in turn will prove to you that they also can take an unusual interest in the things you enjoy.

If you would have friends, try to be congenial and see the good in all reasonable things. Don't be a pessimist or a "joy killer."

Dear Miss Smart:

(1) Will you please tell me some contests that would be nice for a party of eighth grade students? (2) Which do you think would look the nicest with a blue organdy dress, black slippers or white? (3) Please tell me what will take ink spots out of gingham?

BLUE EYES

(1) I am sorry "Blue Eyes" but there is not sufficient space in this column to arrange contests. There are innumerable contests which are all very enjoyable. Ask your teacher to suggest some to you. (2) Either would be very nice but I do not think there is anything nicer or more appropriate with light, summer frocks than white slippers. (3) Fresh ink stains usually can be removed with milk. Put the dress to soak in sweet milk and leave for several days. The acid which will develop as the milk sours will aid in removing the stain. If the stain does not yield to this treatment, try an ink eradicator which you can purchase at almost any drug store.

Dear Miss Smart:

(1) Is it lawful to have more than one wife in the state of Utah if a man is able to provide for them? (2) Is it lawful for the Mormons to have more than one wife, does their church require that the husband furnish a separate home for each wife?

INQUISITIVE

(1) It is not lawful for a man to have more than one wife. The Mormon practice was discontinued years ago. There are no plural marriages in that church in these latter days.

Dear Miss Smart:

(1) Can you please tell me what will remove iodine stains from the skin? (2) What will stop falling hair? (3) Should girls of 16 too young to go with boys of the same age.

E. B. C.

(1) Iodine stain is very difficult to remove, alcohol probably being the best thing to use. (2) If you are troubled with falling hair I would advise you to see a hair dresser immediately. (2) No, I think not, once in a while.

"THE ORIOLE"

By BOOTH TARKINGTON

(Copyright 1920)

"We knew you wouldn't be satisfied, anyway, Florence. Didn't we, Henry?"

"I should say we did!"

"Oh, you did?" Florence burlesqued a polite interest. "How very considerate of you! Then, perhaps I'll try to be a gentleman enough for one simple moment to allow me to tell you my last remarks on this subject. I've said enough—"

"Oh, have you?" Herbert interrupted with violent sarcasm. "Oh, no! Say not so, Florence, say not so!"

At this Henry Rooter loudly shouted with applausive hilarity, whereupon Herbert, rather surprised at his own effectiveness, naturally repeated his mot.

"Say not so, Florence! Say not so! Say not so!"

"I'll tell you one thing!" his lady cousin cried, thoroly infuriated. "I wish to make just one last simple remark that I would care to soil myself with in your respects. Mister Herbert Herbert Illinsworth Atwater and Mister Henry Rooter!"

"Oh, say not so, Florence!" they both entreated. "Say not so! Say not so!"

"I'll just simply state the simple truth," Florence announced. "In the first place, you're goin' to live to see the day when you'll come and beg me on your bended knees to have me put poems or anything I want to on your ole newspaper, but I'll just laugh at you—'Indeed,' I'll say, 'So you come beggin' around me, do you? Ha! ha!' I'll say! 'I guess it's a little too late for that! Why, I wouldn't——'"

"Oh, say not so, Florence! Say not so!"

"'Me allow you to have one of my poems?' I'll say. 'Much less than that! I'll say, 'because even if I was wearing the oldest shoes I got in the world I wouldn't take the trouble to——'"

Her conclusion was drowned out. "Oh, Florence, say not so! Say not so, Florence! Say not so!"

But at four o'clock that afternoon she was assuaged into a milder condition by the arrival according to an agreement made in Sunday school of the popular Miss Patty Fairchild.

"Florence," said Patty, "I was just going to tell you something—only maybe I better not."

"Why not?" Florence inquired. "Go on and tell me."

"No," said Patty, gently. "You might think it was silly."

"No, I won't."

"Yes, you might."

"I promise I won't."

"Well, then—oh, Florence, I'm sure you'll think it's silly!"

"I promised I wouldn't."

"Well, I don't think I better say it."

"Go on," Florence urged. "Patty, you got to."

"Well, then, if I got to," said Patty. "What I was going to say, Florence: Don't you think your cousin Herbert and Henry Rooter have the nicest eyes of any boy in town?"

"Who?" Florence was staggered.

"I do," Patty said in her charming voice, "I think Herbert and Henry 've got the nicest eyes of any boy in town."

"You do?" Florence cried incredulously.

"Yes, I really do, Florence. I think Herbert Atwater and Henry Rooter have got just the nicest eyes of any boy in town."

"Well, I never heard anything like this before!" Florence declared.

"But don't you think they've got the nicest eyes of any boy in town?" Patty insisted, appealingly.

"I think," said Florence, "their eyes are just horrable!"

"What?"

"Herbert's eyes," continued Florence ardently, "are the very worst lookin' ole squinty eyes I ever saw, and that nasty little Henry Rooter's eyes——"

But Patty suddenly became fidgety; she hurried away from the fence. "Come over here, Florence," she said. "Let's go over to the other side of the yard and talk."

And it was time for her to take some such action if she wished to show any tact. Messrs. Atwater and Rooter, seated quietly together upon a box on the other side of the fence (though with their backs to the knothole) were beginning to show signs of inward disturbance. Already flushed with unexpected ineffabilities, their complexions had grown even pinker upon Florence's open-hearted expressions of opinion. Slowly they turned their heads to look sternly at the fence, upon the other side of which stood the maligner of their eyes. Not that they cared what that ole girl thought—but she oughtn't, to be allowed to go around talking like this and perhaps prejudicing everybody that had a word to say for them.

"Come on over here, Florence," called Patty huskily, from the other side of the yard. "Let's talk over here."

Florence was puzzled, but consented. "What you want to talk over here for?" she asked.

"Oh, I don't know," said Patty. "Let's go out in the front yard."

She led the way round the house and a moment later uttered a cry of surprise as the firm of Atwater & Rooter, passing along the pavement, hesitated at the gate. Their celebrated eyes showed som doubt for a momnt; then a brazenness: Herbert and Henry decided to come in.

"Isn't this the funniest thing?" cried Patty. "After what I said just a while ago—you know, Florence. Don't you dare to tell 'em."

"I cert'nly won't!" her hostess promised, and turning inhospitably to the two callers, "What on earth you want round here?" she inquired.

Herbert chivalrously took the duty of response upon himself. "Look here; this is my own aunt and uncle's yard, isn't it? If iwant to come in itI got a perfect right to."

"I should say so," his partner said warmly.

"Why, of course," the cordial Patty agreed. "We can play some nice Sunday games or something. Let's sit on the porch steps and think what to do do."

"I just as soon," said Henry Rooter. "I got nothin' p'ticular to do."

"I haven't either," said Herbert.

Thereupon Patty sat between them on the steps. "This is perfickly grand!" she cried. "Come on, Florence; aren't you going to sit down with all the rest of us?"

"Well, pray kindly excuse me!" said Miss Atwater, and she added that she would neither sit on the same steps with Herbert Atwater and Henry Rooter, nor, even if they entreated her with accompanying genuflections, would she have anything else whatever to do with them. She withdrew to the railing of the porch at a point farthest from the steps and, seated there, swung one foot rhythmically and sang hymns in a tone at once plaintive and inimical.

"Now, I tell you what let's play," the versatile Patty proposed, after exhausting the pleasures of "Geography," "Ghosts" and other tests of intellect. "Let's play 'Truth.' We'll each take a paper and a pencil and then each of us asks the other one some question, and we haf to write down the answer and sign your name and fold it up so nobody can see it except thatone, and we haf to keep it a secret and never tell as long as we live."

"All right," said Henry Rooter. "I'll be the one to ask you a question, Patty."

"No," Herbert said promptly. "I ought to be the one to ask Patty."

"Why ought you?" Henry demanded. "Why ought you?"

"Listen!" Patty cried, "I know the way we'll do. I'll ask each of you a question—we haf to whisper it—and each one of you'll ask me one, and then we'll write it. That'll be simply grand!" She clapped her hands, then checked herself. "Oh, I guess we can't either. We haven't got any paper and pencils unless"—Here she seemed to recall her hostess. "Oh, Florrie, dear! Run in the house and get us some paper and pencils."

"We got plenty," said Herbert as he and Henry produced pencils and their professional notebooks, and supplied their fair friend and themselves with material for "Truth." "Come on, Patty, whisper me what ever you want to."

"No, I ought to have her whisper me first," Henry Rooter obected. "I'll write the answer to any question. I don't care what it's about."

"Well, it's got to be the truth, you know," Patty warned them. "We all haf to write down just exactly the truth on our word of honor and sign our name. Promise?"

"All right," said Patty. "Now I'll whisper Henry a question first, and then you can whisper yours to me first; Herbert."

This seemed to fill all needs happily, and the whispering and writing began and continued with a coziness little to the taste of the piously singing Florence. She altered all previous opinions of her friend Patty, and when the latter finally closed the session on the steps and announced that she must go home, the hostess declined to accompany her into the house to help her find where she had left her hat and wrap.

HER OWN CAREER

By PHYLLIS PHILLIPS

THE CAFE DE FLOR

Thru the Champs Elysees once more, and across the Pont Royal, now gleaming with its evening lights, up the Boul' Mich', to the Boulevard St. Germain, where John had the taxi stop, so that he might whisk Gwenda into the Cafe de Flor, made famous by the restless and youngest of France's poets and writers. In a far off corner he pointed out Charles Vildrac, Romaine Rolland and half a dozen other celebrities of the literary world, sitting in a contented group together, and busy with their evening meal.

Gwenda was properly impressed by this, her first peek at the French writers at close range, and she decided that she would love to have her dinner right there and then. Of course John agreed to this, and by the time they had enjoyed an excellent little meal, such as the Cafe de Flor is justly famed for, and waited upon and fussed over by the proprietor himself, Gwenda was quite convinced that she would like nothing better than to live the rest of her days in Paris.

The sobbing notes of a violin from below came to them as they sat sipping their cordials, and smiling happily into each others eyes.

"I'd really love to stay on here for years and years," she said, looking over at John and trying to read his thoughts as he sat studying her thru half closed eyes.

"No, not for years and years, exactly. That is, not all at once, little girl. A year or two now, then back to the old farm, just to sort of settle one, you know, and to keep in touch with those who love us, back in the States. Then back again to Europe and Paris for a holiday. That's the way to take Europe. Don't let it take you, but just sort of absorb it slowly, in appreciative sips, from time to time."

"You are always so sensible, John," said Gwenda, as she listened to him. "Now, if I had my way, I would no doubt stay on here for several years, drink my Paris and Europe down all in one gulp, and then wonder why it lost its flavor, afterwards. I'm a very foolish girl at times, too impulsive, I think."

"You just wait until I have trotted you about this old city and taken you for a few spins into the country, round Paris. Wait till you have seen Barbizon, Meudon, Versailles. Then you will want to gulp down more than ever. But we shant let you. You will be a sensible child and return to the States when the rest of us do."

"I suppose I shall," said Gwenda, with a little sigh. "That is, unless I decide to lose my heart to someone over on this sire of the water."

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine, that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores.

You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

TRY IT FREE

Send me your name and address and I will send you a, free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. WRITE ME TODAY.

3 GOOD PLACES TO BUY DRUGS

Hair Free Arm Pits

There are many things which will remove superfluous hairs—but many of them so irritate, burn and redden the skin as to make it a sight to look upon. It is no longer necessary to go at it in such a savage manner. Superfluous hair can now be removed by an application which is absolutely safe and never fails to remove every hair so thoroughly that not a vestige of it remains. There is only one thing that will do this, and that is sulfo solution. This can be obtained from any drug store. The hairs are merely moistened with it for a few moments, and then are seen to literally wither and dissolve away and are wiped off, leaving a skin absolutely perfect, spotless, soft and smooth. This is the sensible method, and no matter how sensitive the skin, or how thick the hair growth, it never fails to remove the hairs completely and thoroughly.

Skin Creams, to Accomplish the Greatest Good, Should Be Freshly Made

Your complexion is not merely in the very outer skin. It is deeper than that. It is in that part of the skin immediately underneath the outer layer. Complexion creams which merely affect the outer layer are as a rule very ineffectual. A method gaining wide use because of its tremendous success lies in the use of zintone, a powder which is mixed at home with a little glycerine and dissolved in water. This makes an exquisite cream. The zintone can be secured at any drug store in one-ounce packages. This is also a very economical method. By liberal use of this article, a tremendous difference in the complexion is noted in a few days by the disappearance of muddiness, sallowness, red spots, freckles and other blemishes.

To Remove Blackheads Without Pinching or Squeezing

There is only one preparation sold exclusively for the instant removal of blackheads, without pinching or squeezing the flesh, and that is neroxin. Try this powder (not a soap) on your wash cloth tonight and see how quickly the blackheads are dissolved. Neroxin powder in original package is to be found at any drug store, and a package will last for some time.

BRONCHIAL TROUBLE CAUSED ANXIETY

No medicine has a better reputation than Foley's Honey and Tar for quickly relieving coughs, colds and croup. It loosens the phlegm and mucus, clears the passages, eases hoarseness, stops tickling throat. John G. Hekking, 195 Burgess Place, Passaic, N. J., writes: "I was suffering from an acute case of bronchial trouble which gave me considerable anxiety. Foley's Honey and Tar deserves all the credit for my being well now." Chas. J. RYAN IN TRAINING FOR FIGHT HERE WEDNESDA

CINCINNATI PUG TO BATTLE SULLIVAN AS MAIN EVENT

Frankie Ryan, the sensational Cincinnati heavyweight who is scheduled to fight Joe Sullivan here Wednesday night at Memorial Hall, is now in training for the big bout at his headquarters in the Queen City.

Hal Morris is one of his sparring partners, and reports reaching the promoters are to the effect that Ryan is making every preparation to enact a decisive win over the Toledo mitt artist.

Sullivan, the big boy who appeared here a little over a month ago in a 10-round exhibition against Gabe Gulhart, is highly touted by Lima ring fans as he won much admiration from the crowd for his style of fighting.

He is not afraid to take punches, and can deliver terrific blows that have a telling effect on his opponent.

In Sullivan's fight against Gulhart, the overgrown Toledo boy had the edge most of the way. In the coming fight, however, he will be compelled to use his every ounce of energy to get from being walloped by the Cincinnati fighter.

HAS GOOD RECORD.

Ryan has a good record, and is a bit more experienced in the ring than Sullivan.

"Speck" Kassler, Delphos, is training hard for his fight with "Pig Iron" Turner in the semi-finals.

Kassler is under the management of Johnny Newton, who has recently opened up a gymnasium in the neighboring village. Newton is training him hard, and the Delphos boy is anxious to score a knockout over Turner as a notch toward rising in the pugilistic world.

Turner is training in a south side gymn, fully aware of the kind of a proposition he is going to have on his hands when he steps under the ropes with Kassler.

A preliminary has not yet been arranged, but Promoters Carl Gregory and Henry McCauley are busy trying to match up a pair of boys that will give the card a good send-off.

BIG ADVANCE DEMAND FOR TICKETS

NEW YORK — Altho the opening of the public sale of seats for the Dempsey - Carpentier championship contest in Jersey City on July 2 will not begin for several days, the advance reservation already assures a record-breaking attendance. Both ring gate receipts and actual number of spectators records established at the Johnson-Jeffries, Johnson-Willard, Willard-Moran and Dempsey-Willard bouts are certain to be surpassed.

Official diagrams of the arena, distributed today, indicate that the boxing amphitheatre to be built by Promoter Tex Rickard will seat 50,000 or more spectators. The present plans, which are subject to alterations, provide for 35 rows of $50 seats and more than one hundred mezzanine boxes, which, it is understood, will be occupied principally by women. Back of these boxes are to be erected four rows of $10 seats and a similar number of $35 rows. These in turn are followed by 30 rows of $25 seats, three rows of $20, twenty-one rows of $15, 25 rows of $10, and eleven rows of $5.50 seats.

OCTAGONAL ARENA

As the arena is to be an octagonally-shaped structure with a radius of more than 200 feet, the number of seats included in each of these eight-sided rows may be approximately estimated. In the fifty dollar section alone, close to 4,000 seats already have been reserved.

Carpentier and his party are expected to arrive here Sunday, on the steamer La Savoie and Rickard is arranging for a special reception committee to meet them. Carpentier will, it is understood, spend a day or two in this city and then go direct to his training quarters at Manhassett, Long Island, where he will settle down to rigorous training which will be unbroken until he is ready to leave for the ring in Jersey City.

SCORE:. 14-1

CLEVELAND — Cleveland celebrated the raising of her first world's champion-ship pennant Wednesday by defeating Washington, 14 to 1. The champions drove Walter Johnson from the box, batting [illegible] him with five errors. Washington scored its only run when Gharrity, batting for Courtney, doubled and scored when Wood threw the ball into the dugout after catching Judge's fly.

INDIAN MADE A PIRATE REGULAR

PITTSBURGH, Pa.—Chief Yellowhorse, the Indian, who joined the pitching staff of the Pittsburgh Nationals this season, will remain with the team as a regular. This became known today when officials of the club announced that the Little Rock team had been paid the purchase money for Yellowhorse's release.

Barney Dreyfuss, president of the Pirates, said today that the club would not be affected by the players rule. Under the rule all National League teams must cut their rosters to 25 men by May 15. Mr. Dreyfuss said that the Pittsburgh team now has only 25 players under contract.

DEMPSEY ISN'T HARDEST HITTER; BOB FITZSIMMONS WAS KING

(By NORMAN E. BROWN)

Jack Dempsey packs a mean kick in his padded mitts—one of the meanest kick we have ever seen manipulated according to the Marquis of Queensbury rules. But the statement of many of his greatest admirers that he has the killingest wallop in the history of the heavyweight division is a bit strong. And we say this with the memory still fresh of how he knocked several scores of the run-of-mine heavies cold and then annihilated the mammoth Jess Willard.

There seems to be no doubt that Bob Fitzsimmons carried a meaner kick. Jim Jeffries had a wallop in blacksmith arms that would outkill Jack's. John L. Sullivan once knocked down a horse with his good right paw. And in more recent years Jess Willard got real angry in the ring and killed one Bull Young.

Fitz undoubtedly was the king of hard hitters. Altho he weighed but 170 pounds he had tremendous weight behind his punches. Willard Jeffries and Sullivan ranked about equal as far as hitting power was concerned. And we aren't reflecting on the greatness of John L. and Jeffries when we put Willard alongside them. For, while Willard failed to shine as a champion, it must be admitted he carried the bad punch. Had he possessed the ferocity, the fighting heart needed in a champion, he might still be wielding that wallop.

When Willard dealt the accidental death blow to Bull Young, Jess was green as far as the science of hitting was concerned. It was brute strength alone that drove the punch. When Willard was staggering around the ring in a dazed condition in the second round of his contest with Dempsey, the big westerner literally shoved his fist into Dempsey's face with such force that Dempsey was momentarily stunned and weakened by the blows. There was no snap behind either punch. They were dead blows. But they had the TNT in them.

Dempsey has terrific wallop. But his record alone does not stack up against those of his predecessors who enter the hard-hitter class. Dempsey did not meet the class of men Sullivan, Fitz and Jim Jeffries did while piling up his knockout record.

These facts are not called forth to intimate that Dempsey hasn't the wallop to halt Carpentier. They are set down merely to show that Dempsey, man-killing puncher that he is, isn't the greatest in that line. And Curly Bob and old John L., went down finally with their sleep-producing mitts dangling limply at their sides.

Bob Fitzsimmons in action, at left; Jess Willard, above, and John L. Sullivan, three of the hardest hitters the heavyweight game has known.

AMERICA'S POLO CUP TEAM IS MAKING A BIG IMPRESSION

(BY HENRY L. FARRELL)
(United Press Staff Correspondent)

NEW YORK — America's polo team, now getting ready for the international cup matches in England, is making a most impressive showing.

Devereaux Milburns four won the first three practice games in a style that has opened the eyes of the British sportsmen.

While the teams played aren't of the class that will defend the cup next month, the Americans have beaten good combinations and have shown fine form by piling up big scores.

Press comment from the other side indicates that the British are none too sure that the cup will not be brought back to America.

Captain Milburn and his men are not boasting. They are telling interviewers that they have a fair chance to win.

The same lack of bragging that the British have come to accept as a part of the American make-up, has been carried out by the amateur golf team.

BRITAINS SURPRISED

Some surprise was expressed in the British papers when Francis Ouimet and Bobby Jones said they had just about an even chance to win the British amateur title.

Concern entertained by the British over the golf championships, is expressed in the words of a prominent English player, who said when it became sure that Chick Evans and Ouimet would play:

"There goes more championships."

William T. Tilden, winner of the British naval tennis championship last year, sailed today to defend his title in this year's tournament.

After seeing the tall Philadelphian in action last year, and watching his progress thru the Davis cup matches, the British are frank to admit that only a great reversal of form can prevent him from repeating.

SAN FRANCISCO, Cal. — Jake Schaefer of San Francisco won both blocks of play on a 4,000 point match of 18.2 billiards with Edouard Hoermans, Belgian billiard champion yesterday. In 5 1-2 innings last night Schaefer won 400 to 297, making the score stand 800 to 328.

Giant parachutes which would lift off the cabin and passengers from aeroplanes in distress are suggested.

WATCHING THE SCOREBOARD

YESTERDAY'S HERO— Southworth. The Braves' outfielder hit a double and four singles and scored the run in the 13th inning that beat the Pirates 1 to 0.

* * *

Fred Toney had too much stuff for the Cardinals and the Giants hitting Doak freely won 4 to 1.

* * *

The Cleveland Indians raised the world's champions pennant and then knocked Walter Johnson out of the box, beating Washington 14 to 1.

* * *

Cobb's brilliant work in the field and on the bases was responsible for Detroit's 2 to 1 victory over the Yankees.

* * *

Mulrenan's wildness and careless playing enabled the Red Sox to beat the White Sox 3 to 2.

* * *

Wrightstone and Williams hit homers, but the Cubs rapped out eight doubles and beat the Phils 19 to 8.

* * *

Moore's base on balls paved the way for the run that enabled the Browns to beat the Athletics 1 to 2.

* * *

Jimmy Johnston's home run was the deciding factor in the 5 to 4 victory of the Robins over the Red.

SMALL CROWD AT TOLEDO MITT SHOW

TOLEDO.—The boxing commission's new ruling that free admission to boxing shows in the future must be cut to the minimum, had its effect last night when the crowd that turned out to see Bryan Downey and Johnny Klesch in a 12 round bout was less than one half large enough to fill the house.

In making his report on the proceeds this morning, Dewitt Fisher, secretary of the commission, said the turnout was disappointing both to the promoters and the commission. The latter receives seven per cent of the gross gate for a charity fund.

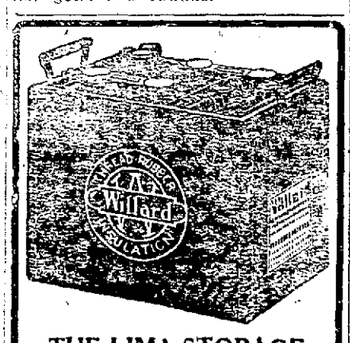

George P. Greenhalgh, chairman of the commission and city director of public safety, has put a rule into effect that policemen and detectives not assigned there will not be admitted on their badges.

Newspapers also have been limited in the number of free tickets.

WHO'LL WIN

OAKLAND, Calif.—Willie Meehan, California heavyweight, who holds a decision over Dempsey:

"Dempsey is the greatest infighter ever developed among the heavies. I fought him five times and should know. I saw the Frenchman fight Levinsky. He hasn't a thing that Dempsey should fear. Dempsey will break Carpentier in half before he has gone two rounds."

CARPENTIER TO LE DEMPSEY LEAD IN EARLY ROUNDS

(BY FRANCOIS DESCAMPS)
(Manager and Trainer of Carpentier)
(Written for the United Press)

LA GUERCHE, France — Carpentier will let Dempsey ta the lead during the early stages of the fight on July 2.

He will try to feel out the champion during the first rou drawing him to uncover as many of his boxing tricks as possit He will fight a purely defensive battle until he gets a line Dempsey's style.

Between rounds, we will decide upon our own plan of atta to meet the champion's game. We have never seen Demps fight, but we have a fair idea of his methods from the pictu of his contests with Jess Willard and Bill Brennan. Of cour we know that the pictures are not the best means of drawi conclusions.

We have heard a lot that the champion was off form in his bout with Brennan, so we have taken most of our suggestions from his style against Willard.

We figured that he is a rushing, aggressive fighter and that is just what we want. We know that Carpentier has enough endurance and skill to head off the champion for a few rounds and within that time we feel sure that Carpentier can learn what to do to beat him. Then he will go out and do it.

HARD MAN TO BEAT.

We know that we are going to have a hard man to beat. Dempsey didn't train properly for Brennan and made a bad showing. Perhaps it was a little bit of strategy carried out to make us think that he was thru. But if that was the purpose, it failed.

Dempsey will train for this fight, we know, and he'll be in better condition. If he is not, he surely will lose the championship.

The longer the bout goes, the better chance Carpentier will have because Georges can keep away from him and let Dempsey wear himself out. Dempsey is at his best a short round fighter and burns up all his energy from the start.

RAIN NOT TO SLOW DOWN TOURNEY

Rain Wednesday will not slow up the Central Hi tennis tournament as Fred Wallace, who is managing the meet, has arranged for al matches that are stopped by rain to be played on Saturdays. This system will make the tournament go thru on the original schedule.

The teams scheduled to play Wednesday that will play on Saturday are: Fritz and Roberts vs Shepherd and Ruchne and Hunter and Taylor vs Adkins and King. Thursday night Hawisher and Tafinger will meet Dexter and Seeley and Merricle and Pew will play De Voe and Weadock. The teams are now chiefly composed of the upper classmen in the high school and the matches should be closer and more interesting as the players are evenly matched.

The first round of the tournament will close Monday night. The finals will be played on May 26th. Immediately following the doubles tournament a singles tournament will be started that will close early in June. The singles tournament can be played faster than the doubles as the Senior class will finish their class work on May 24th and play at practically any time of the day.

Inter-class baseball between South and Central will start next week. Games will be played on Tuesdays, Wednesdays and Thursdays. One game will be played at Central and one at South. Both schools are working hard for the games and the battles should be hard fought.

COAL PRICES TOO HIGH—FORBES

Only Basic Material Which Has Not Been Reduced

PRODUCTION IS HELD DOWN

"Pay Our Price or Go Without" Is Ultimatum

(By B. C. FORBES)

NEW YORK — (Special) — Coal costs fully twice as much as it cost in 1913, the Department of Labor's April 1 figures show. The increase is 107 per cent.

Farmers are only getting 25 per cent more than they got before the war for their products.

* * *

These warm spring days don't direct one's thoughts towards coal. But unless thought is directed towards coal and directed to some purpose, the upshot may be most unpleasant. Merely ignoring the situation and letting it drift will not mend it.

* * *

Have you or any of your friends ordered your next winter's supply of coal at current prices? I haven't, and I don't know any householder who has. The general conviction is that coal for household purposes is altogether too dear, and that it would be only playing into the hands of profiteers to pay the prices now asked.

* * *

There has been much to do over the so-called segregation of coal companies from coal-carrying railroads. But the public has not yet received any satisfying sign that the anthracite coal interests are waging genuine competition. In most other industries, where competition has play, prices have been substantially reduced. In many instances basic materials are down to pre-war levels. Coal, as already shown, is a shining exception.

Householders are being treated worst by the coal people. Large industrial consumers have contrived to obtain their fuel at greatly reduced prices. One public utility company told the writer yesterday that, whereas, it paid as high as $11 and $12 a ton formerly, it is now obtaining all it can consume at $3.50 a ton, using what is called "run of the mine." Even this latter figure is more than three times pre-war costs.

* * *

Powerful coal companies hesitate to go over far in the way of squeezing large industrial consumers lest too great an impetus be given to switching from coal to fuel oil, a movement which has already gained enough headway to cause profiteers uneasiness. The ordinary domestic consumer, however, has no feasible avenue of escape, and the coal producers well know it.

* * *

What is going to happen?

* * *

Coal is not being produced from the mines today at a rate sufficient to meet next winter's normal requirements? Rather than make coal cheaper, operators have chosen to throw more than 200,000 miners out of work. "Pay our price, or go with out,' is the ultimatum they have presented to the American people. It is a daring policy to pursue, considering the past performances of the coal barons and the American public's bitter feeling towards them. Apparently, the coal sellers reason that their product is a necessity and that the public will be forced to step up to the counter and pay the high prices demanded.

* * *

They may be guessing wrongly.

Mankind has reached the stage in its industrial development where it insists upon the supreme power of the state, the government, undertaking that which private interests are unable or refuse to do reasonably or satisfactorily. Business figures that Hoover has friends in power at Washington. But it was a conservative republican senator (Calder of New York) who, after digging into the coal profiteering scandal, issue warning that, unless the coal leaders reformed themselves voluntarily, Congress would be asked to do the job and to do it without kid gloves.

If the present deadlock lasts very much longer, public opinion is likely to demand that the government step in and break it ruthlessly.

The coal people would do well not to invite such extreme action, for they are likely to find that their stubbornness was lamentably short-sighted.

* * *

There are few industries in America which, size considered, have made more millionaires than has coal.

Our coal mine owners should cast their eyes across the Atlantic and study what has happened and is happening to coal owners in Britain. Had public sentiment there been as antagonistic to coal magnates as it is here, the miners' demand that all coal properties be nationalized would unquestionably have been acceded to by the government.

It is poor policy to incur the ill-will of householders in a republic where the franchise has been freely extended to all adults, both men and women.

NEW YORK.—Virtualy every oil and utilities contributed to the irregularly lower range of prices at the opening of today's stock market. Steels again were most vulnerable with the foreign oils. Motors and kindred shares also yielded to further pressure with some of the tobacco and food specialties. American Writing Paper preferred and International Paper reflected labor troubles in that industry. Rails were dull but reactionary under lead of the coalers. Remittances to the leading foreign centers were variably higher.

An opening rate of 7 per cent for call money, the highest initial quotation in several weeks, accelerated additional selling and further impairment of prices during the morning. Among high grade oils, especially Mexican and Pan-American Petroleums, Royal Dutch and Houston, declines ran from 2 to 4 points. Motors and related issues, such as Studebaker, United States Rubber and Bosch Magneto, were 1 to 3 1-2 points lower. Steels, equipments, shippings and half a score of unclassified stocks yielded 1 to almost 2 points. Pacific and junior rails of the coal group showed average losses of 1 point. Sugars hardened on the higher prices quoted for the refined product and gas shares were comparatively active and strong.

Firmer money and cumulative indications of dividend readjustments among rails and industrials were factors in the further irregular depression of stock market prices today. Sales approximated 875,000 shares.

The closing was heavy.

U. S. FOREIGN TRADE

Our foreign trade in April gave evidence of further rapid contraction. The sum of the month's export and import values is $40.000,000 less than in March and $585,000,000 under that of April, 1920, the decrease from the month last year amounting to 49 per cent.

Exports have decreased far more extensively than imports, which in fact were larger in April than in March, while exports were $43,000,000 smaller. The value of last month's merchandise exports was not quite one-half as great as in April, 1920, and smaller than in any month since January of 1916, when, as it happens, average prices were almost exactly the same as they are today. At this would certainly seem to indicate that, greatly as our export trade has declined measured in dolars, the shrinkage is much more a result of lower prices than smaller quantities exported.

DISMISSAL OF MAYOR'S APPEAL IN ROUSH CASE SOUGHT BY ATTORNEYS

Motion to dismiss appeal to common pleas court made by Mayor F. A. Burkhardt in behalf of the city was filed by attorneys for Chief O. J. Roush late Wednesday, as the latest step to head off efforts by the mayor to oust Chief Roush from office.

Plea for dismissal of Mayor Burkhardt's appeal is based on the contention that the law makes no provision for an appeal from decision of a civil service commission. No date has been set for hearing arguments on the petition.

Attorneys for Roush declined to discuss the motion Thursday, other than to state it was a matter of record.

PRICES OF WHEAT ON DECLINE

Crop Follows Reports of Improved Weather Conditions

CHICAGO.— Improved weather conditions had a bearish influence today on the wheat market. Some attention was given also to reports of strained industrial conditions in Great Britain. On the other hand, senate action in regard to the emergency tariff bill appeared to have been fully discounted. Opening prices which varied from unchanged figures to 1 1-4c lower with May $1.43 to 1.43 3-4 and July $1.16 to 1.16 3-4 were followed by a moderate rally and then by decline all around.

Corn took the same path as wheat. After opening unchanged to 1-4c lower, including July at 63 1-2 to 63 5-8, the market rallied a trifle and then underwent a general sag.

Oats were easier with other cereals, starting 1-4 to 5-8 a 3-4c lower; July 39 3-8 to 39 5-8, and later showing but little power to recover.

Provisions lacked any aggressive support.

The wheat close was nervous at 2-4 to 1 3-4c net decline with May $1.43 to 1.43 1-4 and July $1.15 to 1.15 1-4.

The corn close was unsettled at 1-4 to 5-8c net decline, with July 63 to 6363 1-8.

CANTON MAN WILL ADDRESS REALTORS OF LIMA, FRIDAY

"What it is to be a Realtor" will be the topic of an address to be given by Martin L. Pierce, at Canton, at the monthly banquet of the Lima Real Estate Board at the Barr Hotel, Friday evening at 6:30. Pierce is the manager of the Hoover Suction Sweeper Co. and has taken a great interest in real estate affairs. This address is said to be one of exceptional value to all interested in real estate.

Other speakers will be John M. Boose, who will show "Why Property Appraisals Should be Made by a Realtor;" C. E. Stiles, who will explain "How Farm Loans are Made and How to Get Them" and Ed C. Povenmier, who will discuss the "Advantages of Having Realty Managed by Realtors."

A large number of regular and associate members have been added to the Lima Real Estate board during the last month. These banquet meetings are for the purpose of bringing into the city men of broad experience to talk to the members and give them new ideas along real estate lines.

LATER?

You can find any number of men who say they are too busy now for outdoor exercise, but that when summer comes they will take time. Most of these men will continue to be "too busy" until the doctor tells them to either take time or get ready for eternity.

When you hear a man say "next year I will start a savings account," it is a pretty sure bet he will never save anything worth saving. Many have the mistaken idea of waiting for bigger pay and then start saving on a grander scale.

The Allen County Savings & Loan Company welcome savings accounts in large or small amounts. An amount as low as one dollar will start you, then make it grow and grow and grow.

NEW CHERRIES APPEAR ON MARKET; DECLINE IN PRICE OF FLOUR SEEN

New cherries were seen in some of the stores Thursday and will more than likely be plentiful by Saturday. They are of very good quality for shipped-in fruit and will be especially good for fresh cherry pie. Price range around 35 cents a box.

Other prices were unchanged. Live stock prices were steady and the grains again showed strength. Millers and flour buyers are confident that flour prices will decline at least by August. The new crop of wheat will be in by them and can be milled. Declines are expected to average $1 a barrel. Flour is now $4 under the high of last September.

Cleveland produce was at practically the same levels as Wednesday. Eggs were a shade lower with Ohio firsts, old cases, selling at 24 1-2 cents a dozen. Sweet potatoes reflected the general strength in potatoes and rose 10 cents to $1.60 and $2.10 per hamper.

TICKER NOTES

(Courtesy E. W. Wagner & Co.)

Grains were higher Thursday on more unfavorable crop news. Cash grains in some markets were steady to strong, but at Chicago an absence of export demand left them practically unchanged. There was a reaction near the close but sentiment favored buying on all moderate breaks.

Stocks demonstrated further hesitancy. No extreme was seen in any stock. Coppers were strong on reports of better buying of the raw copper. Dow Jones was quoting copper at 13 and 13 3-8 cents for May and July consumers and it was said that orders have been filled within the last 24 hours at 13 cents, the highest price so far this year.

Chicago hogs were 10 higher with $9 paid. Cattle were steady with yearlings t $9 60, beef steers at $8 and $9, and calves slow.

Chicago cash grain markets were steady to lower. Wheat was one to two cents lower with no sales. Corn was a half lower and oats as unchanged.

Large government withdrawals are held responsible for the advances in call rates to seven per cent. This level will more than likely be seen for some time altho it is a temporary condition.

Recent declines in stocks are construed for the purpose of keeping the bullish public from pushing things too far. There is no need now for an extreme advance in stocks and it is believed that a large short interest should be created in order to keep the market stable. Long time movements still point upward.

CORPORATE FEE OF $290,010 PAID

Costs Goodyear Company This Sum For Reorganiation

COLUMBUS — (By Associated Press)—Articles providing for incorporation of the Goodyear Tire and Rubber Company, Akron, Ohio, under the reorganization plan with $150,000,000 of preferred capital stock and $1,500,000 of non-par common stock were filed today with the secretary of state The fee paid the state was $290,010, the largest ever received from a corporation for this purpose.

The reorganization scheme also provides for the $30,000,000, 8 per cent, twenty year first mortgage bonds and the $30,000,000, 8 per cent ten year debentures.

The preferred stock is divided into three classes:

$40,000,000, 8 per cent prior preferred; $100,000,000, 7 per cent ordinary preferred and $1,000,000, 6 per cent management preferred.

In all there are 2,910,000 shares of both classes of stock.

Up until today since organization in 1898 ,the company has paid the state $200,985 in fees on original stock issues, increases and amendments to articles of incorporation. With the fee paid today, the company's contribution to the state treasury since its organization has been $491,000.

Sore, Tired Sweaty Feet

Oh, My, What a Relief

One application of Hydrosal, the clean pleasant, penetrating Antiseptic, does the work No dissolving or washing necessary, just apply it and see how quick it gives relief. Hydrosal is always ready for use—does not stain, smell or irritate Dispels all odors. Ask your Druggist Price 25c—Booklet on skin diseases sent free on request. Address 5819 Hydrosal Laboratories Co., Cincinnati, Ohio.—Adv.

ITCHING SKINS

Don't pick or scratch an itching, fiery skin, Eczema, Rashes or Pimples. It is dangerous, and may cause serious infection or spreading of the condition.

Instant relief may be quickly obtained by using Geero Wormwood Balm.

This fragrant antiseptic Wormwood treatment takes out the fire and stops the itching immediately! Leaves a delightful cooling sensation that quickly soothes and comforts the rough, sore, irritated skin. One trial will convince you. Any good druggist can supply you with Geero Wormwood Balm and you can have your money back if you are not satisfied.—Adv.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenrhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases and he has instructed two Hunter's Drug Stores, Enterprise Drug Store, Thompson's Drug Stores, Interurban Drug Store, Public Drug Store to guarantee it in every instance—Adv.

HOW TO REDUCE VARICOSE VEINS

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches

If you will get a two-ounce original bottle of Moones Emerald Oil (full strength) at any first class drug store and apply it at home as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal

Moones Emerald Oil is very concentrated and a bottle lasts a long time—that's why it is a most inexpensive treatment It has brought much comfort to worried people all over the country and is one of the wonderful discoveries of recent years and always bear in mind that anyone who is disappointed with its use can have their money refunded Generous sample on receipt of 15 cents silver or stamps. International Laboratories, Rochester, N Y Your druggist or two Hunter's Drug Stores, Thompson's Drug Store, Interurban Drug Store, Public Drug Store can supply you—Adv.

MUTT AND JEFF—MAYBE WARREN WANTS TO MAKE A GOLF ENGAGEMENT— BY BUD FISHE

SHORT SHAVINGS

Mose Jackson, black, was up before a magistrate for assault.

"What's your name?" asked the judge.

"Well, judge, your honah, ev-y-where Ah go they gives me a new name, but mah maiden name was Mose."

"Tell us, Mose, did you strike this man in an excess of irascibility?" the lawyer for the prosecution asked.

"No, boss, Ah done hit him in the stummick."

"Now, Mose, tell us what he did after you hit him," pursued the prosecution, which wanted to prove that Mose's blow has incapacitated the plaintiff.

"He done ran."

"You say he ran?"

"Yessah, yessah, he done ran all right."

"You're sure he ran?"

"Ah sure is."

"Well, did he run fast?"

"Did he run fa—say, boss, ef dat cullud man had a had just one pin feather in his hand he'd a flew!"

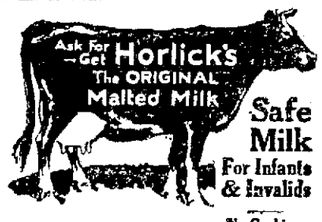

She was a little maid of ten years, flitting butterfly-like thru the National gallery. For some seconds she had stood, however gazing at a picture by Nicholas Poussin, thus described in the catalogue: "Center, nymphs and fauns dancing; right, a satyr embracing a nymph; left, two infant bacchanals, one raising a bowl," etc. Suddenly she caught sight of the first words on the frame, and, turning to her mother, exclaimed: "Mummie! Do look! Isn't this funny? It's a French school!"
